FOR THE GLOBALITES

असतो मा सद्गमय। तमसो मा ज्योतिर्गमय।

LEAD ME FROM UNREAL TO REAL, FROM DARKNESS TO LIGHT

Festivals have a beautiful way of bringing hearts closer, filling homes with laughter, lighting up little moments, and reminding us of what truly matters, love, togetherness, gratitude, and the warmth of relationships.

As we step into this beautiful festive season, I wish that every home is filled with the glow of happiness, every heart finds a reason to smile, and every family creates memories that remain cherished for years to come.

Dear students, may the festive lights inspire you to shine brighter, may the spirit of celebration teach you to share and care, and may the traditions we celebrate strengthen the values we carry within us. Remember, the brightest light is not the one that illuminates our homes, but the one that shines through our thoughts, words, and actions.

Dear parents, your love, faith, and unwavering support are the foundation upon which we build the dreams of our children. Thank you for walking alongside us in this beautiful journey of learning, growing, and nurturing young minds.

BEING CYBER SAFE

In today's rapidly evolving digital world, smartphones, social media, online platforms and digital applications have become an integral part of students' lives. While technology offers immense opportunities for learning, communication and creativity, it also comes with certain risks and responsibilities.

Keeping this in mind, a Cybersecurity Awareness Session was organised at the school in collaboration with the students and faculty members of Parul University. The session aimed to create awareness among students about the safe, responsible and informed use of technology. The resource persons sensitised students to the importance of protecting personal information, creating strong passwords, maintaining privacy on social media, identifying suspicious links and messages, and being cautious while interacting with unknown people or websites online. Students were encouraged to make technology a tool for learning and growth rather than allowing excessive or careless usage to affect their well-being, relationships and academic life. Through interactive discussions and practical examples, they learnt that being digitally connected also means being digitally responsible.

BEHIND THE SCENE

SEWA INITIATIVE

एक भारत, श्रेष्ठ भारत।

As a part of the SEWA initiative, students of Grades 9 and 10 at GDS-HALOL, undertook an enriching cultural project titled “Bharat Darshan”, celebrating the incredible diversity and vibrant heritage of our nation.

Through this initiative, students showcased different states of India, highlighting their unique traditions, customs, food, clothing, festivals, art forms and cultural heritage. Dressed in traditional attire representing their respective states, students enthusiastically presented meaningful insights into the distinctive identities and cultural richness of each region.

The presentation offered students and educators an opportunity to explore the cultural tapestry of India and understand the values, beliefs and traditions that have been passed down through generations. It beautifully highlighted how, despite differences in language, lifestyle, food and customs, we are all connected by a shared national identity.

The activity went beyond classroom learning, fostering research skills, confidence, communication, teamwork and cultural appreciation. More importantly, it instilled a sense of pride in India's rich heritage and strengthened the values of unity in diversity, mutual respect, inclusivity and national integration.
