

SCHOOL SCOOP

April, 2026 | Apple Blossom (Sec 46)

We warmly welcome you to the new academic year, filled with fresh beginnings and joyful learning. This year, we will be embracing the Panch Tatva concept to nurture holistic growth in every child. Through this approach, we aim to create meaningful, integrated learning experiences rooted in nature and life.

Nav Pallav

Nav Pallav was truly an event full of freshness and the beginning of something new, Based on the five elements that make the core of life itself. Just like those elements, we help our children grow strong and balanced, Developing grounded, lively and unlimited souls. Warmth, trust, and unity, were all we needed to greet our little scholars, Making way for an inspiring year of development and education.

Welcoming Kids/ Kissing Hands & Cave Man Adventure | April 6 - 8 April

In a touching tale, the children learned the reassuring concept that love accompanied them regardless of the distance that separated them from their parents. Much like how Chester Raccoon kept his mother's kiss in his paw.

The young adventurers entered the Cave Men Adventure, Unearthing from layers of sand amazing animals from prehistoric times.

Their curiosity and their eagerness led them to treasures from times long gone, Making play turn into an exciting experience of discovery and education.

SCHOOL SCOOP

April, 2026 | Apple Blossom (Sec 46)

Anand / Vaisakhi

Children celebrated “Anand” by linking with the five elements of life known as the Panch Tattva. They embraced the earth element by touching and feeling its essence, experienced the water element through its pureness, felt the fire element’s warmth, inhaled the air element’s fresh breath, and utilized the space element in their creative expression. Through activities such as harvesting and making chapatis, they embraced the essence of our culture and heritage in an enriching manner.

Parent Teacher Induction Programme:

The parent-teacher meeting represented the spirit of Panch Tattva through a child’s growth. It was an insightful process wherein parents and teachers interacted. Understanding and supporting each child for his/her holistic development. Fun activities with parents & kids were also planned

Through gentle assurance and affectionate touches, the children started feeling protected, joyous, and eager to explore the new environment around them. Hesitant frowns gave way to smiles as small hands were reassured by new bonds of friendship.

SCHOOL SCOOP

April, 2026 | Apple Blossom (Sec 46)

World Art Day / Tiny Hands Art

World Art Day was marked with an exploration of the wonders of colors, shapes, and designs by our tiny artists, Mimicking artists such as Wassily Kandinsky and Piet Mondrian. Using bright colors and sharp lines alongside geometric designs, our little artists exhibited their creativity, Crafting beautiful pieces of art with rhythm and imagination, linked to nature and the universe.

Art is not simply about drawing; it is about conveying emotions and thoughts, which was conveyed through interactive sessions.

The children understood that different colors can generate different emotions, that patterns give joy, and that simple shapes can be made into something significant.

Earth Love / World Earth Day

Our tiny learners had come together to celebrate World Earth Day, a special day to love and care for our beautiful planet. Through fun activities like recycling, planting saplings, creative art, Education on Dry & Wet Waste, storytelling, and simple eco-friendly practices, children learned how small actions can make a big difference

With joyful hearts and curious minds, our little ones will explore ways to keep the Earth clean, green, and happy. From saving water to loving plants and animals, this celebration will inspire them to become responsible and caring Earth heroes.

Groove & Giggles / International Dance Day

On International Dance Day, each step reflects the power of the five elements—grounded like Earth, flowing like Water, glowing like Fire, light like Air, and free like Space.

On Dance Day, our little stars took a joyful journey across the world through rhythm and movement.

They explored vibrant dance styles from different countries and beautiful regions of India.

From graceful steps to energetic beats, each performance celebrated culture and creativity.

The children expressed themselves with confidence, joy, and boundless enthusiasm.

It was a delightful celebration of unity in diversity through the language of dance.
