

SCHOOL SCOOP

Gandhi Jayanti – Shanti Sutra

At Apple Blossom, Gandhi Jayanti was celebrated through our initiative Shanti Sutra, a gentle reminder that peace begins with us. Children reflected on the values of truth, kindness, and simplicity through storytelling, art, and mindful moments. They participated in a symbolic “Thread of Peace” activity, weaving together threads that represented empathy, patience, and honesty—virtues Gandhi Ji stood for. Teachers guided discussions on how even small acts of care can create ripples of harmony in the world. The day concluded with a collective pledge to keep the spirit of non-violence alive in our daily words and actions.

PROJECT RAVAN – AHAM RAVAN

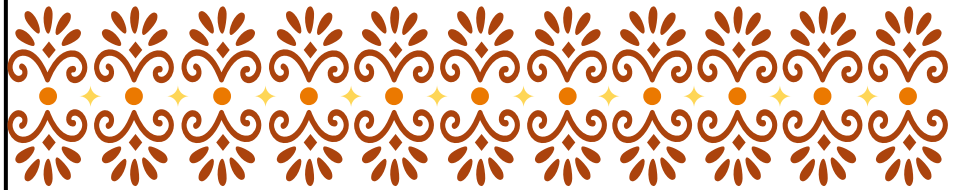

Project Ravan invited our young learners to see Ravan beyond the effigy—as a symbol of human emotions and inner reflection. Through discussions, art, and dramatization, children explored his strengths as a scholar and ruler, and the flaws of pride and ego that led to his downfall.

Each “head” of Ravan became a metaphor for feelings like anger, jealousy, and greed, prompting children to identify and overcome their own “inner Ravans.” The project culminated in a collaborative creation of a Ravan effigy symbolizing self-realisation—reminding everyone that Dussehra is not just about burning evil, but transforming within.

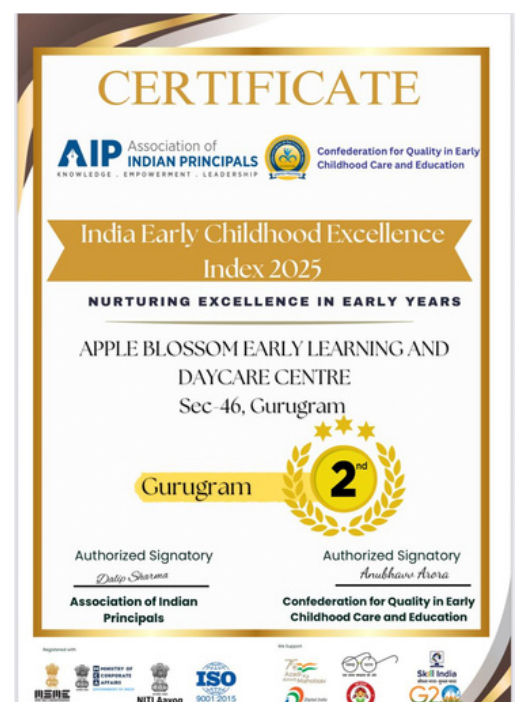

PROUD MOMENT

Felicitation Ceremony – Celebrating Excellence

Apple Blossom was honoured at the CQ-ECCE Awards for our commitment to nurturing meaningful early learning experiences. The felicitation ceremony celebrated the collective efforts of our teachers, staff, and families who continue to make learning joyful, reflective, and rooted in values. This recognition stands as a testament to our belief that education is not just about academics, but about shaping curious, confident, and compassionate individuals. As our team received the award, it reinforced our resolve to keep innovating and inspiring little minds every day—the true blossoms of Apple Blossom’s garden of learning.

MOVIE TRIP

The students of EYP 3, EYP 4, and Grade 1 had an exciting movie outing to watch Appu. The experience was filled with laughter, curiosity, and joy as the children enjoyed the story on the big screen with their friends and teachers. It was a delightful way to blend fun with learning—helping them understand emotions, friendship, and values in a relaxed setting. The movie time encouraged imagination and social bonding, leaving the little ones with happy smiles and wonderful memories. It truly was a joyful day of fun, friendship, and togetherness beyond the classroom!

RAMAYAN PUPPET SHOW

The students were treated to an enchanting Ramayan Puppet Show presented by a world-renowned puppeteer, bringing the timeless epic to life through beautifully crafted puppets, expressive narration, and mesmerizing music. The children watched in awe as scenes from Lord Rama's journey unfolded before their eyes, making the ancient tale of courage, devotion, and righteousness come alive in a magical way. Following the show, the artist conducted a hands-on puppet-making workshop, where the young learners explored creativity and storytelling by crafting their own puppets. It was an inspiring blend of art, culture, and imagination—an unforgettable learning experience for all!

PROJECT HANUMAN – CULMINATION

Over two enriching weeks, our young learners explored the virtues of courage, devotion, and humility through Project Hanuman. Guided by stories, songs, and dramatic play, children discovered the many facets of Hanuman — the symbol of strength, wisdom, and selfless service. From puppet shows to art expressions and group chants, every activity nurtured curiosity and character. The culmination brought these experiences together in a joyful showcase of learning and reverence. Through this project, children learned that true strength lies not in might, but in kindness, purpose, and faith.

ROOM ON THE BROOM

This week, our little witches and wizards at Apple Blossom soared into the world of Julia Donaldson's delightful tale *Room on the Broom*. 🧙‍♀️🪄 The story became a gateway to learning about friendship, kindness, sharing, and inclusion — reminding children that there's always space for one more when hearts are open. Through storytelling, dramatization, and art, the children explored how the witch and her animal friends worked together to overcome challenges. They created their own magic wands and brooms, mixed "potions of kindness" using coloured water and glitter, and joined in a lively shadow dance that turned the classroom into a glowing, moonlit forest.

Our young learners also engaged in rich conversations — What makes a good friend? How can we help someone in need? — reflecting deeply on the power of teamwork and empathy. The week blended imagination with inquiry, inspiring children to express their thoughts through drawings, role-play, and movement.

The laughter, creativity, and collaboration made the experience truly magical. And as every child echoed by the end of the week — "There's always room on our broom for everyone!"
