DECEMBER 2025

## Aquaverse – A Month of Underwater Discovery

Our Early Years learners dove into a world of curiosity, wonder, and hands-on exploration throughout the month as we journeyed through Aquaverse. During Parent Peek Day, families had the opportunity to step into our underwater universe and witness how beautifully the children have absorbed, experienced, and expressed their learning.

From exploring sea creatures through sensory tubs and dramatic play, to understanding floating and sinking through simple experiments, every activity was designed to spark inquiry and build early scientific thinking.

Children created stunning ocean crafts, engaged in imaginative storytelling, and participated in music-and-movement inspired by the rhythm of the waves.

Parents enjoyed observing their little ones confidently explain their discoveries, collaborate with peers, and proudly showcase their month-long work.

Aquaverse was not just a theme—it was a celebration of curiosity, exploration, and joyful learning. Thank you to our families for being part of this magical ocean journey!

# Maharaja Hari Singh Football Tournament

## Maharaja Hari Singh Football Tournament – Apple Blossom Shines!

The children of Apple Blossom performed wonderfully at the Maharaja Hari Singh Football Tournament held at DPS Sushant Lok. Our young players stepped onto the field with confidence, showing excellent coordination, enthusiasm, and team spirit. Their performance was a blend of energy, discipline, and joy—making us incredibly proud. Events like these help our early learners build confidence, strengthen motor skills, and experience the excitement of performing in front of an audience.

A heartfelt thank you to our teachers for preparing the children so beautifully, and to our parents for their constant support.

We look forward to giving our children many more platforms to shine! 

# BOHO NOËL

Boho Noël at Starlit Earth was a celebration of warmth, creativity, and togetherness, wrapped in a charming bohemian spirit. The campus transformed into a vibrant festive marketplace where young artisans, parents, and educators came together to celebrate the joy of the season in the most meaningful way.

From handcrafted stalls and thoughtfully curated displays to music, laughter, and shared moments, Boho Noël reflected the true essence of Christmas—connection, generosity, and celebration beyond material gifts. Children explored textures, colours, and stories through creative experiences, while families enjoyed a relaxed, soulful festive evening under twinkling lights.

What made Boho Noël truly special was its focus on community—supporting local creativity, encouraging mindful celebrations, and creating memories that will last far beyond the season.

As the year draws to a close, Boho Noël reminded us that the most beautiful celebrations are those rooted in warmth, creativity, and shared joy. ✨

# Eco Adventure Camp

Our daycare children enjoyed a refreshing outdoor experience as we took them to an Eco Adventure Camp, designed especially for young learners. Surrounded by nature, the children explored open green spaces and engaged in simple, hands-on activities that encouraged curiosity, movement, and sensory exploration.

From interacting with natural elements to participating in guided play and eco-themed activities, the experience helped children connect with the environment in a safe and joyful way. The outing supported physical development, social interaction, and early awareness about nature and sustainability.

The smiles, excitement, and sense of wonder made this visit truly special. Experiences like these help children build confidence, independence, and a love for the outdoors—making learning meaningful beyond the classroom.
