1ST JULY' 25 - WANDER AND WONDER: WELCOME BACK! 🌟

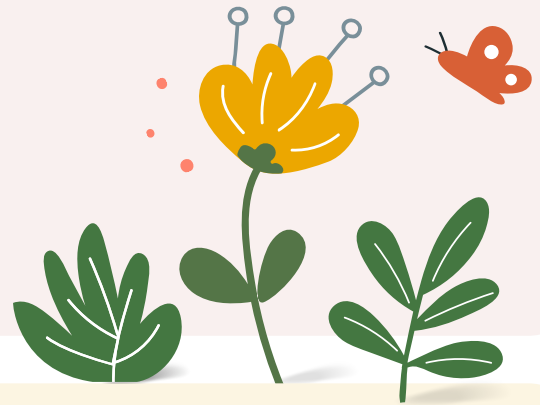

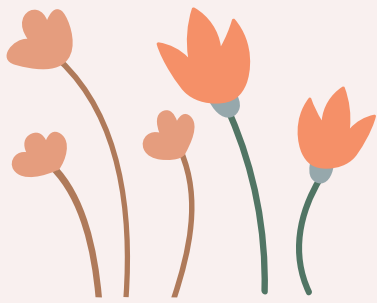

A warm welcome back after the summer break! 🌞 Our vibrant space was transformed with colourful balloon decorations, setting the tone for an exciting reunion.

The kids dived into six fun-filled activities that sparked curiosity and creativity:

1. Blow and Go: A thrilling activity that combined fun with movement.
2. Fort Adventures: Building and exploring forts, fostering imagination and teamwork.
3. Tiny Balls, Big Hands: A fun challenge that tested their hand-eye coordination.
4. Grow with Play: Engaging activities that promoted growth through play.
5. Paint the Camp: Unleashing their inner artists, bringing colour and joy to the camp.
6. Open Mind, Little Hands: Nurturing creativity and imagination.

1ST JULY' 25 - WANDER AND WONDER: WELCOME BACK! 🌟

22ND JULY'25 - NATIONAL FLAG DAY

* On National Flag Day The little ones at Apple Blossom, participated in various activities that instilled a sense of patriotism and pride in our national flag.

Tricolor Free Art

Children created beautiful artworks, using the tricolors of our Flag to represent the unity and diversity of our nation.

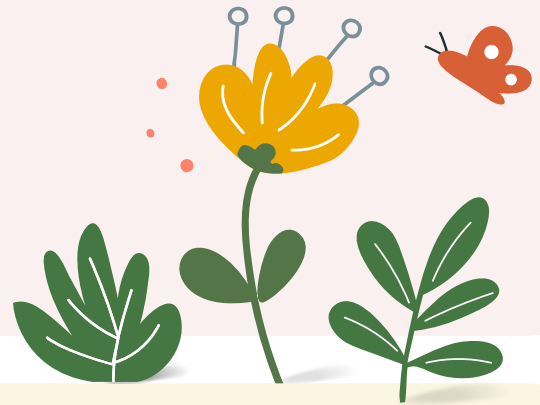

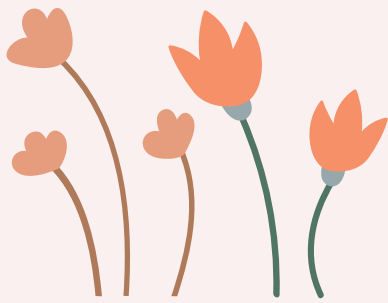

Suji-Tray Drawing

In another activity, the kids used suji-tray to draw the Ashoka chakra with their fingers. This sensory activity helped them develop their fine motor skills while learning about the significance of Ashoka chakra.

Building a Flag World with Blocks

The block corner was abuzz with activity as the children built their own flag-themed structures! This activity encouraged teamwork, problem-solving, and creativity. These activities not only taught our young learners about the national flag but also fostered a sense of national pride and unity.

22ND JULY'25 - NATIONAL FLAG DAY

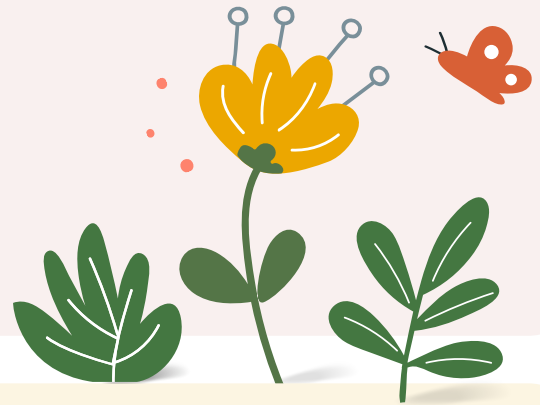

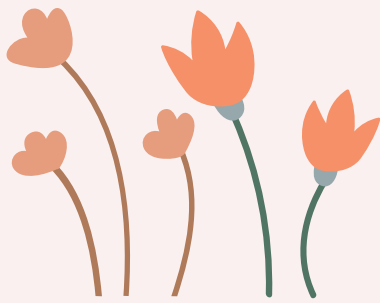

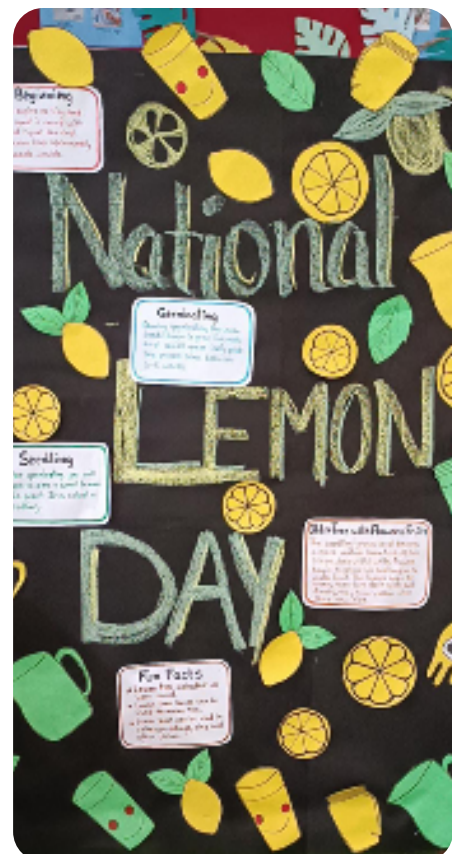

23RD JULY'25 - NATIONAL LEMON DAY

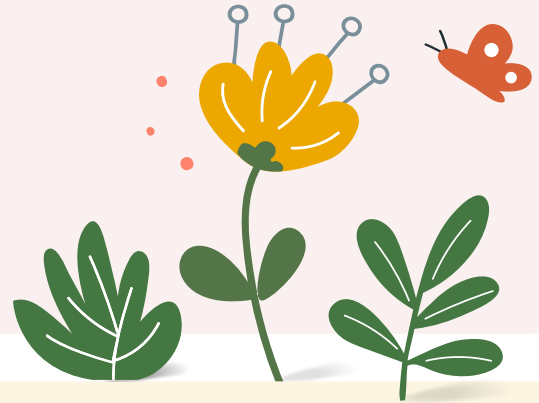

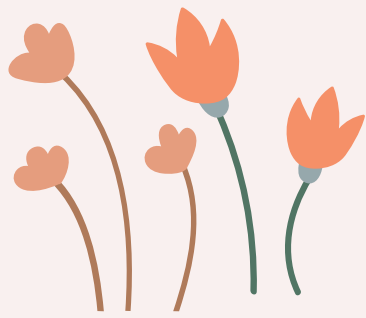

* Our little ones celebrated National Lemon Day with immense fun and excitement! They engaged in various activities, including sorting lemons by color, tracing lemons in sand, and enjoying a creative pretend play session where they made "lemon drinks" using yellow rice, ice cubes, and lemon slices. The day culminated in a thrilling lemon maze hunt, making it a cheerful day filled with learning and laughter!

23RD JULY'25 - NATIONAL LEMON DAY

26TH JULY'25 – ASSEMBLY ON SOLAR ENERGY

* The students presented an informative and engaging assembly on the importance of solar energy. Through presentations, skit, and dances, they highlighted the various uses of solar energy, from powering homes and schools to lighting streetlights and charging devices.

The students' creativity shone through in their skit and dances, which showcased the synergy between humans and the sun's energy. The assembly concluded with a powerful message on the need to harness renewable energy sources like solar power to create a sustainable future.
