ADMINISTRATIVE LEADERSHIP

Presented to Mrs. Liza Shah, Trustee

Awarded by SCOO NEWS, 2021

We believe in nurturing young minds with a blend of 21st-century skills and the richness of Indian culture. At AGS, we don't just teach; we create a thriving learning and personal growth environment.

Liza Shah

Trustee

(B.com, M.com, B.ed)

› OUR MENTORS ‹

We know the importance of sports & academics and we help students become all-around champions. Sports teach teamwork and handling success and setbacks gracefully. We're here to build a healthy and successful future for every child, no matter their career path.

OUR TEAM

At Apple Global School, we have a team of dedicated and passionate educators who strive to provide the best learning experience for our students. Our teachers are well-qualified, experienced, and trained in CBSE and Cambridge curriculum. They give their 100% every day to nurture the physical, social, and intellectual well-being of our students. Our Consultants and Advisors help make our teaching better, guiding our teachers and helping our students get ready for the future.

BLENDING CURRICULUM «

Apple Global School offers a unique blended curriculum, merging the strengths of both the Cambridge and Central Board of Secondary Education (CBSE) frameworks. This approach balances a global educational perspective and a strong grounding in Indian academic traditions. The school caters to a wide range of student needs, providing a diverse and holistic educational experience. This blend of national and international curriculum prepares students effectively for local and global challenges.

A GREEN CAMPUS

For Your Child's Future

Apple Global School is committed to sustainability with its expansive Green Campus. We have thousands of plants, lush green spaces, and solar-powered facilities, promoting environmental stewardship among students. The eco-friendly architecture not only minimizes the campus's carbon footprint but also fosters a vibrant and healthful learning atmosphere for future leaders. This commitment ensures that Apple Global School remains a beacon of sustainable education.

Green School Building Features

Building Orientation

Our classrooms are designed to get the most sunlight and fresh air.

Energy Efficiency

Our school uses clean energy and tries to use less electricity.

Eco-Friendly Environment

Our campus is a safe, natural place for students to learn and grow.

80,000+ Sq. Ft. Campus

EXPLORE BEYOND CLASSROOM PROGRAM

Explore Beyond Classroom Program, a unique initiative that takes learning out of the traditional classroom setting into the real world. From historical sites to scientific centres, each excursion is designed to deepen understanding, spark curiosity, and enhance real-world knowledge. These trips not only enrich academic learning but also foster essential skills like teamwork, problem-solving, and critical thinking.

MENTOR LINK PROGRAM

Mentor Link Program, a dynamic initiative connecting students with industry experts. This program brings real-world perspectives into our classrooms, offering interactive sessions, workshops, and project based learning across various industries.

It's an opportunity for students to gain first hand insights into career paths, industry trends, and the practical applications of their academic knowledge. By interacting with professionals, students broaden their horizons, build valuable networks, and prepare themselves for future success in an increasingly dynamic world.

WHY PARENTS PREFER AGS?

I believe a school is a place where the child should grow into a happy and confident person and that's what exactly AGS is doing to my child.

Aditi

Nirvaan's Mother, Grade 1

AGS always encouraged our child to do more and the confidence they build in the child after those additional classes, I can see the difference in him.

Juhí

Tanay's Mother, Grade 9

I am happy to see my children thrive and excel at AGS with engaging learning activities that boost their confidence and skills in a supportive atmosphere.

Jay

Agnaa & Josh's Father, Grade 3 & 6

I have visited the school and the campus, the teachers, the culture, and the environment are very good. You should visit AGS once.

Binal

Trishika's Mother, Nursery

KEY ATTRIBUTES OF AGS
