विद्यार्थियों ने वैश्विक परिदृश्य को ध्यान में रखकर विभिन्न सामाजिक, नैतिक, आध्यात्मिक, शैक्षिक, आर्थिक, साहित्यिक, धार्मिक पहलुओं पर कल्पनाओं को जो पंख दिए हैं, बड़े ही अनुकरणीय बिंदु हैं। समग्रतः उनकी ये सोच दशा-दिशा के मापदंड हैं।

## *Fr. Secretary's Message*

The purpose of education is to make good human beings with skill and expertise. Enlightened human beings can be created by teachers. - (A.P.J Abdul Kalam)

Dear Readers, The uniqueness of Jesuit education lies in the formation of a fully developed person, spiritually, physically, mentally and psychologically. St. Ignatius School, Aurangabad, aims at making its own contribution towards a radical transformation of the present-day social condition, so that principles of social justice, equality of opportunities, genuine freedom and respect for religious and moral values enshrined in the constitution of India may prevail and the possibility of living a fully human existence may be open to all. I firmly believe that education is not just for learning or passing information but the main purpose of education is to bring transformation in each and every human being. It makes us better than yesterday. I feel happy and privileged to be associated with the school for the last two years. I have seen growth and development under the leadership of Fr. Saji and now Fr. Manish.

We have an excellent team of faculty members who toil day and night to make the teaching learning process better. I congratulate all of them. I also thank my co-workers who give themselves totally to keep the place neat and clean and make it ready for each day. I also place on record my sincere gratitude to all the Parents, Well-Wishers, Benefactors and Alumni for their share in the growth and development of the school. As we bring out the yearly magazine, I am very sure that this will give a better picture of all that we have and do. I thank the editorial board for their tireless efforts and all the students who have contributed in it through their articles. I urge all the parents to encourage your children to participate in all the activities of the school. These will certainly enhance their overall development of our students.

May God bless us all and may the patronage of St. Ignatius remain with us always. Thank you

**Fr. Vimal Kishore, S.J.**

## *From the Principal's Desk*

"What makes a child gifted and talented may not always be good grades in school, but a different way of looking at the world and learning." **Chuck Grassley.**

Dear Teachers, Parents, Well Wishers, Benefactors and Students,

Greetings,

Schooling is our first contact with the world - a period full of joy, knowledge, learning, sharing with friends and peers, pushing one's boundaries, competing with oneself and peers to become better each day. The school becomes your second home, and the teachers, management and staff members, your friends, philosophers and guide. The importance of school, teachers and classroom was strongly felt during the pandemic when the students yearned to have a glimpse of their teachers, looked forward for their help, support, a word of blessing, appreciation and motivation. I congratulate the teachers for their tireless effort which has helped the school to excel not only in academics but also in cocurricular activities. All of us are fortunate to get a second chance after the dreadful period to explore ourselves, learn new things to set a benchmark for others.

It gives me immense joy to see the young minds coming up with new ideas—poems, thoughts, stories, experiences which are encompassed in the annual school magazine. The school magazine in hand would be a creative tool that will surely help you to get the glimpses of the yearlong activities and achievement of the students of our school. I am sure the quality and variety of contents would not only be informative but also impressive and enjoyable. I congratulate the editorial board for their strenuous effort in compiling and giving final shape to the annual school magazine and all the teachers and students who have added flesh and blood to it through their creative works.

Overuse of technology has robbed the youth the need to socialise, feeling for others, soft skills, patience and values. Each one of you are a precious creation of God, sent to earth for a great purpose and have been entrusted to us so that we nurture you to become a fruitful and a shady tree. It is not an easy task but the joint efforts of parents, teachers and students can surely make it possible. Parents

need to monitor and accompany their wards in collaboration with the teachers. Dear students, just ask yourself if you are the same person who joined the school as a novice. Certainly not, you should be happy as you have achieved a lot and should strive for MAGIS, more and greater. We are never satisfied with status quo- rather look for greater things as said by St. Ignatius of Loyola.

There is no power as the power of youth. You are the candles who will ignite the world with the feeling of goodness, values and moralities. Many are in need to be guided, touched and inspired by you. So, be enlightened. Make ample use of the time in school, achieve excellence in academics, participate in co-curricular activities and sports for I see many future sports persons, writers, musicians, dancers and artists in our school. Enrich your creativity to foster all round development. St. Ignatius as a Jesuit institution prepares and equips its students as competent men and women to face the world. It is a challenge posed to teachers as well. They need to change their teaching strategies, adopting more creative, new and innovative ways.

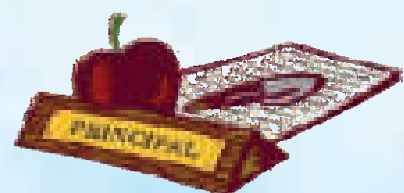

Our teachers are professionally equipped to develop adapt and modify curriculum content, pedagogy & assessment which suit the needs and aspirations of our students. We work towards a holistic, experiential, integrated, student-centered educational system that helps to improve the creativity, critical thinking, and problem-solving skills of our young learners to equip them for the ever-changing world. We educate our children to change the world through peace, empathy, and fraternity and place great emphasis on inner values and values enshrined in the Indian Constitution. We firmly believe that all our students prepare themselves to be men and women for and with others, a Jesuit characteristic of education.

At last, I sincerely thank Fr. Saji Mathew, S.J., the former Principal, my mentor, guide and friend under whose guidance I have grown and learnt a lot. He always encouraged me for Magis – more and greater. I also thank all my dear parents, well-wishers, benefactors and students for placing their tremendous faith in us. Certainly, together we can achieve more in the field of education here in Aurangabad.

Aristotle said, " Good habits are formed at youth make all difference." You can bring this difference in life by knowing yourself and making use of every minute of your precious time, harnessing your latent potentialities. You are privileged to be a part of this august institution. I wish all the teachers and students to excel in their field and become an icon to be emulated. May the choicest blessings of the Almighty be upon you all in the New Academic Year!

May the Patronage of St. Ignatius of Loyola always remain with us.

**Fr. Manish Osta, S.J.**  
Principal.

## Sweet Death

I combed for peace for day and night,  
Alas! those days for me weren't right.  
My joined hands being on my knee  
Confronted the divinity with a cordial plea.  
Yelled at the shrill pitch of my voice,  
Omnipotent, give me a reason to rejoice.  
Why this cursed life full of tears?  
Such infernal living, everybody fears.  
Each new dawn, radiated golden rays,  
But couldn't turn the pale, into smiling face.  
Patiently sighted, the bee-loud-glade,  
The meadows, the vales and the river bed.  
Deity, is thy hearts made of stone?  
Heavens, I'm that soul who is all alone.  
Firmly knotted with pain around,  
For the cry of pain, makes no sound.  
A heavenly voice, roared to perturbed ears,  
Forgot those trespasses, in the easter years?  
Terrified lips sealed, mustering witty retort,  
A confession, surely be enough I thought.  
No regret, now boldly I confess my offence,  
"Atheist was I, who once questioned your subsistence.

If nothing, atleast shower  
upon, the holy death,  
In the midst of souls limpidly  
laid."

The mournful desire granted to  
the fastest,  
Digesting the fact was amongst the hardest.  
(Couldn't believe took birth in heaven)  
Death, Death, Oh Death! a long wait ends,  
Forever and ever we are concrete friends.

The King of the Kings in heaven I see,  
Confirms forgiveness and set me free.  
'The Death is sweet' the death is pure,  
You and me, Rich or poor, for all its always sure.

Listen thou living souls, life is precious,  
Merrily cheer making each day auspicious.  
Awarded once, both life and death,  
So Pure the Death, 'The Sweet Death.'

## Drama in Education

Drama has the exhilarating potential to challenge students' perceptions about their world and about themselves. It can provide students with an outlet for emotions, thoughts, and dreams that they might not otherwise have means to express. A student can, if only for a few moments, become another, explore a new role, try out and experiment with various personal choices and solutions to very real problems- problems from their own life, or problems faced by characters in literature or historical figures.

Inculcating drama in education creates a space that breaks down the hierarchies between teacher and a student. It creates an enriching learning environment that contrast heavily with traditional rote 'learning'- learning is a dialogue between teacher and a student not teachers monologue.

The foundation literacy skills outline in NIPUN Bharat makes drama uniquely positioned- as a Holistic, play focused, Discovery oriented, activity based pedagogy to address foundation literacy and to do so in such way as to affect broader social emotional development.

It caters the personal social and emotional skills and qualities of students furthermore develops self efficiency and articulation skills that can be tracked by indicators as Creativity and Imagination and Critical Skills.

Drama helps students get in touch with their creativity and spontaneity as well as to develop confidence in the expression of their ideas. Finally, it teaches self-discipline, acceptance of and positive response to criticism, and cooperation with others. - Amisha Anand (Dance Teacher)

## In The Shadow of St. Ignatius

My St. Ignatius school,  
Looks so simple,  
But to us it's a temple.

We daily come to school on time  
We put our bags in the class  
And go for the prayer  
As the bells chime

After we pray,  
We study there whole day.

We are blessed with a big playground  
It has greeneries all around.

We have a big library ,  
Where some books we read,  
Some we carry.

You will only be a fool  
If you miss  
St. Ignatius School.

## Impact Of COVID -19 On Education

As we all know how COVID -19 has spread over whole world and compelled the human society to maintain social distancing.

It has significantly disrupted the education sector which is a critical determinant of a country's economic future.

Outbreak of covid-19 has impacted more than 120 crores of students and youths across the world. After observing the Corona virus pandemic the WHO advised to maintain social distancing as the first prevention step.

So every country started the action of lockdown to separate the people. The education sector including schools, colleges and universities were closed. The lockdown destroyed the schedules of every student.

The lockdown has compelled many educational institutions to cancel their classes, examinations etc and to choose the online modes. Teaching was undertaken remotely and on digital platforms using Zoom, Google meet, K12 etc. Students face a lot of problems during this pandemic. But we should never stop learning because

Education is the most powerful weapon which you can use to change the world.

## memories

Remembering those all old memories,  
Refreshing those all sweet melodies.  
Making the moments special and interesting  
Enjoying and having fun with my besties.

Laughing at the chance of stupidity  
Getting back my previous happiness.

Memories are the golden treasure  
That you can't get by any pressure

Don't forget your childhood memories  
Because it's the best epiphany.

Me:- Hello! Myself.

Myself:- Hi! to me.

Me:- How are you?

Myself:- Fine, because you do.

Me:- I think I don't care.....

Myself:- It seems you don't hear.

Me:- Ok! nice to meet you.

Myself:-Ya! For sure, me too.

Me:- Let's go to the mirror.

Myself:- You want to find yourself clear.

Me:- Better to get a vision of knowing myself.

Myself:- Keeping to share internal peace to me and myself.

Me:- enjoying the best moment.

Myself:- Even that moment is 'yet to come'.

Me:- every time you make me aware

Myself:- you and I both care

We all need to meet ourselves because until we are not able to convey our thoughts to our own self, then we won't be able to convey it to others.

**ME  
AND  
MYSELF!**

Really, how beautiful She is

How beautiful she is,  
Who is our creator.  
Yes, it is our nature,  
Who has given us food to eat,  
And a tranquil place to seat.  
Who has given us whatever we need  
.Really how beautiful she is.

Her works havn't got any illness  
That is why we can't count her greatness.  
She teaches everything necessary for us,  
Whether how to learn or how to focus.  
Only thing we need is to have an  
attachment like a mother and a fetus.  
How kind behavior this is  
Really how beautiful she is.

She is the mother of mothers  
And the creature of creatures  
She is the one who is only one.  
Who never asked anything from anyone  
But we have given her pollution,  
And everything for her demolition.  
But still she provides us peace,  
Really how beautiful she is.

## The Unpredictable Life

You never know  
Who's gonna enter,  
You never know  
Who's gonna exit.

You never know  
What is going to happen,  
In this scary shelter.  
Life behaves so unpredictable,  
To me it doesn't seem affordable  
It is so adventurous,  
And that's what makes me curious.

I seem to it – courageous,  
Which makes me very ambitious,  
I thought life full of diamondiferous,  
As towards me,  
It was so generous.

You bought me to overcome fear,  
You thought me that life is to bear,  
So, to you the unpredictable life  
I am just alright.

## Sweet Relation Between Teacher and Student

A student teacher relation in the classroom is a positive relationship between the teacher and the students if is an effort to gain trust and respect from each other.

This relationship may consist of getting to know your students better providing choice and encouraging the students to become strong learner every day.

It is certainly obvious that student will respond in a positive manner when a teacher is enthusiastic and passionate about the content they are teaching. Excitement is contagious.

Teachers should always make sure that their teaching sessions are never boring. It not only helps in the interaction amongst the teachers and students but also help to create an enjoyable learning environment.

Terrible days are experienced by everyone, including the teachers. Teachers may go through personal trials that can be tough to handle.

It is very essential to ensure that your personal issues do not interfere with your teaching ability. Teacher should approach their class each day with a positive attitude and smile.

In many researches were there was combined efforts of teachers and students for a healthy and strong teacher-student relationship. Consistency in communication is the most vital element. It serves to create a connection between both of them.

Students need to feel safe when asking questions, secured in the belief that they won't be taunted or criticized and that their question or comment will be answered with respect and patience.

Teachers must create a secure and safe environment for students.

In a practical experiment performed between 1908 and 1913 by Hans Geiger and Ernst Marsden, student of Ernst Rutherford results to discovery of nucleus.

$$V = \sqrt{\frac{\text{Elasticity}}{\text{Density}}}$$

Both the students did a historical experiment under the guidance of their teacher. This shows both students are deeply and heartily attached with their teacher.

Newton gave a formula that speed of sound is the square root of ratio of elasticity and density .

When other scientists apply this formula for the calculation of speed of sound , it

comes 280 m/s but in actual speed of sound is to be calculated y devices it comes 332 m/s all scientist realize that there is some mistake in Newton's formula but again comes in action that is Laplace student of Newton, he applied Newton's formula for sound with adiabatic process and speed comes very near to 332 m/s. At last student makes his teacher correct and others wrong.

Galileo was a great astronomer physicist and engineer who had supported heliocentric theory in place of geocentric theory. Due to which he has gone to prison and hanged till death. His student Tyco Brahe continues his heliocentric theory by using the telescope invented by Galileo and collect very important data about the universe at the time of his death he handed all the data to his student Kepler. After that Kepler give law of motion period of planet again we can see the relation between Student and the teacher.

At last if we observe we can see that if teacher is dedicated than he has ability to lift the whole world with good manner discipline and smart youth having quality information.

## IMPORTANCE OF EDUCATION

Education is very important for all of us. We are incomplete and practically handicapped without it. It is as essential as water, air, and food. Truly speaking, we are like animals without education. It has rightly been said that “Education is the most powerful weapon which you can use to change the world.”

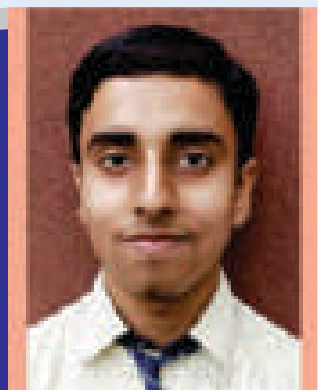

We must try to spread the light of education to remove the darkness of illiteracy to make our lives shining and smiling. An uneducated person can read nothing and therefore he is like a blind person despite having eyesight. So, we must know that education is real eyesight.

Education is key to success which opens the gate of a happy and prosperous life. It enables us to get a good job for a comfortable future. It helps us to remove not only poverty but also social evils from our society because an educated person can distinguish between the right and the wrong.

Education not only enhances and beautifies our personality but also develops our spiritual, mental and intellectual level. In our country, The Right to Education Act, 2009, ensures free and compulsory education to all children within the age group of 6 to 14 as a fundamental right.

Last but not the least, I can say that education opens the door of various good opportunities. It strengthens the society, improves the economic stability of a country and helps in the growth of a better community. So we must do our level best to be educated at any cost because it has been said that “Better be unborn than untaught, for ignorance is the root of misfortune.” Let us take an oath to follow this beautiful quote I our practical life: “Each One, Teach One” for a healthy, happy, successful and prosperous life

I  
have  
Feeling

The day I heard about you;  
With happiness I cried a lot.  
I was excited to know about you.  
You were just a blood clot.

My happiness can't be explained  
I couldn't hold my tears  
All my emotion turned into pain.  
You were only agony, I could bear.  
My womb is no longer,  
The place to rest over.  
The three months of wonder  
Now the garden is over.  
I can't sleep, my body is aching  
I felt pain in my chest and  
My heart is breaking

## Two Flank of Life ...

Oh.. life you are little busy,  
But still you are beautiful.

How many moments are there,  
Whom should I keep safe  
Whom should I forget ...

You have stunned me at every turn  
I don't understand...  
How many ideologies are left.

I need to laugh even in sorrow  
Now is the time that  
I don't understand the pain...

Thank you for giving me such beautiful surprise,  
with every period of time...  
You give me new lessons in every way of life.

## Impact of Mobile Phone on Teenagers

The time which we enjoy the most in our life is the teenage period is the teenage period. The time between 13 and to 19 is called teenage period. This period is full of emotions, joy, and happiness. As we all know the present era is science era. Science plays a vital role in our life. It has become a major constituent of our environment. Many types of electronic media are used in our day to day life.

Mobile phone is one of the important inventions by humans. Every one can use it easily. Mostly teenagers come in contact with mobile phones. There are lots of benefits in mobile phones. It can be used for educational purposes, helpful in emergency situations and most important it is easy to communicate.

Nowadays, mobile has become the most important device in our life. During lockdown in 2020 mobile played a vital role. We used mobile to talk to family, to consult a doctor and to study online classes and many more. We also buy clothes, medicines and other food from online shopping through mobile. But every

thing has its own drawbacks. There are psychological, biological and social demerits of using mobiles too much. It affects our mental health, communication gap and it also has addiction, using mobile too much causes eye damage, hearing loss, headache and brain tumor. It releases RF radiation, if RF radiation is high enough, it has a thermal effect which means it raises our body temperature.

According to studies, there are over 3.8 billion mobile phone users in the world. Let us take an example. If a child who is 12 years old and uses mobile a lot and he is addicted to it. He uses social media, plays online games, he doesn't sleep much in the night. He doesn't

share his problems with anyone. He is getting ill day by day. In this way, he is affected physically, socially and having communication gap. There are many such examples we see everyday. Nowadays teenagers use most of their time in using mobile phones. They can't concentrate their minds on their studies. Teenagers are the future of a country. A country having more teenagers become more developed. But this situation is just the opposite. Teenagers use mobile in a negative way. They can't take advantages of its useful function. At last I want to say that we should use mobile positively. In this way our nation will develop.

" Mobile phone makes you closer to the person,  
Who is far from you but it takes you,  
Away from the ones sitting next to you.  
And makes you separate from the association"

## हँसते पत्थर, रोते फूल

कैसा युग जीवन प्रतिकूल,  
हँसते पत्थर रोते फूल।

रात-दिन जो है खटता,  
शाम को है भूखे रहता।

जो गद्दा पर है लोटता,  
शाम को है लाखों गिनता।

ऐसा हाल बनाया कौन ?  
नेता साध रहे क्यों मौन ?

क्या राणा पहन लिये चूड़ी?  
क्या शिवा की तलवार मुड़ी?

क्या अब न भगत आजाद कहीं?  
क्या अब्दुल कलाम सुभाष नहीं?

जनता की लाज बचावे कौन ?  
युवा साध रहे क्यों मौन ?

आओ करें उन्हें सलाम,  
जो रखते हैं हम सब का पूरा ध्यान।

पॉल भईया करते हैं काफी मेहनत,  
ये देते हैं अपना पूरा योगदान,  
बिना इनके मुश्किल होता है,  
ऑफिस का पूरा काम।

मानो दीदी है अच्छी,  
और दिल से काफी सच्ची।  
वे करती हैं क्लास की साफ-सफाई,  
ताकि स्वच्छ क्लास में हो सके,  
हम सब की अच्छी पढ़ाई।

अतुल भईया और पप्पू भईया के,  
स्वभाव है काफी अच्छे।  
इन्हें प्यार, मान-सम्मान देते हैं,  
स्कूल के बच्चे।

ये करते हैं दिन भर काफी मेहनत,  
ताकि हमें न हो कोई परेशानी या दिक्कत।

आओ करें उन्हें सलाम,  
जो रखते हैं हम सब का पूरा ध्यान।

## गाँवों का विकास

ऐसा की हमलोग जानते हैं कि भारत गाँवों का देश है। अधिकतर लोग गाँवों में रहते हैं। गाँवों के लोगों के जीवन के स्तर को उच्च करने के लिए सरकार को गाँवों के विकास पर ध्यान देना चाहिए। गाँवों के विकास के लिए पढ़ने की अच्छी सुविधा, अच्छी सड़कें, यातायात की सुविधा, अच्छे संस्थान, अस्पताल इत्यादि होना जरूरी है। अगर हम संस्थान के बारे में बात करें तो उनमें कई प्रकार होते हैं। जैसे— शिक्षण संस्थान, बैंकिंग संस्थान, पुस्तकालय, कृषि संस्थान इत्यादि।

गाँवों में रहने वाले लोगों की शहरों में मिलने वाली सुविधा मिलने लगे, तो देश का सर्वांगीण विकास में चार चाँद लग जाएगा इसके लिए गाँवों का, शहरों से आने जाने की बस सुविधा या समान को दोनों की बराबर या सरल होनी चाहिए। इससे गाँवों में उगने वाले फसलों को आसानी से कहीं भी भेजा जा सकता है और व्यापार या व्यवसाय करने में सहायता मिलेगी।

भूमि की समस्या के निवारण हेतु प्रत्येक गाँव में समस्या निवारण केन्द्र होना चाहिए जिससे किसान भाग दौड़ और परेशानी से बच सकते हैं।

कृषि से जो भी फसल का उत्पाद हो उसके लिए गाँवों में ही ऐसी व्यवस्था हो कि व्यापारी वहाँ से ही फसल को खरीद कर लें जिससे गाँवों के किसान को भाग दौड़ से राहत मिलेगी।

इस प्रकार अन्य समस्याओं को निवारण कर गाँव का विकास कर देश का विकास किया जा सकता है। इसलिए गाँवों का विकास होना अति आवश्यक है।

उड़ेगी दुनिया अब चाँद और सितारे पर,  
हवा महल बनायेगी अन्तरिक्ष के बक्ष पर।  
कम्प्यूटर से काम होगा, मानव—मस्तिष्क का,  
मशीन से सब काम होगा, मानव उत्कर्ष का।  
रह जायेगी जरूरत न मानव के कर्म की,  
न मानस के कार्य की, न मानव के धर्म की।  
प्रकृति कोप होगी, बढ़ते प्रदूषण से,  
दम घुट जायेगा, बम के परीक्षण से।  
लूट जायेगी दुनिया तो गाँधी को ढूँढेगी,  
छोड़ कर मशीन को, उद्योग घर—घर खोलेगी।

## आने वाला कल

दीपशिखा, 8 'द'

इक्कसवीं सदी के दूसरे दशक से  
गुजरते हुए हम और हमारा भारत,

अपनी संस्कृति को संभालते हुए  
नए परिवर्तन की ओर बढ़ता भारत,

नए सपने और नई उड़ान भरते  
आसमान की ऊँचाइयों को छूता भारत,

विज्ञान के क्षेत्र में नित नए प्रयोग करता  
दुनिया को चुनौती देता भारत,

नई पीढ़ी को नई दिशा दिखाते,  
भविष्य को उज्ज्वल बनाता भारत,

हम भारत के गौरव हैं देश हमारी शान है  
गर्व से कहो भारतीय हैं भारतीयता हमारी पहचान है।

रुख हवाओं का जब भी बदले,  
कम न हो कभी इसकी ताकतें,

जब भी शांति फैलाने की बात हो  
सबसे आगे रहे अपना भारत।

हम बच्चे हैं भविष्य देश के  
हम इसे उज्ज्वल बनाएंगे।

कैसे भूलें अपने गौरवशाली अतीत को  
जो हमें मार्ग दिखाता है।

उसी अतीत से प्रेरणा पाकर  
हम नया कीर्तिमान बनाएंगे,

हम बच्चे हैं फूल देश के  
हम कीर्ति से, इसे अपने महकाएंगे,

अपना भारत श्रेष्ठ भारत,  
भारत की हम सन्तान हैं,

खूब करेंगे उन्नति इसकी  
यही हमारी पहचान है।

जय हिंद, जय भारत।

हमारा प्यारा  
भारत

## यह सुकून कहीं और नहीं

वही जून की गर्मी, वही पहाड़ों में जाने की खुशी  
कहाँ मिलता यह सुकून कहीं?  
वही गीत जो गुनगुना रहें हर पेड़-पौधे और पक्षी सभी,  
खुशी ही अलग झलक रही,  
यह नजारे देख मेरी पलक नहीं झपक रही।

कहाँ मिलता यह सुकून कहीं?  
सादगी है पहाड़ों में सजा रही है प्रकृति,  
रंग-बिरंगे फूल यहाँ जो दिखा रही है कलाकृति।

कहाँ मिलता यह सुकून कहीं?  
कैसे करूँ मैं वर्णन उस ऋषिकेश का,  
जो अपनी अद्भुत दृश्य से मुझे अपनी तरफ बुला रही,  
फैली दूर तक हरी-भरी हरियाली जो अपनी सुन्दरता में सब का मन बहला रही  
मिलती सबको खुशी यहीं  
यह सुकून कहीं और नहीं।

साक्षी सावन, 9 'अ'

## कर्म का ही फल मिलता है

इसे हम और आप एक कहानी से समझेंगे।

एक राजा था, उसने तीन व्यक्तियों को बुलाया और बोला कि आप लोग जाइए और फल तोड़ कर लाईए। जब वे लोग आए तो राजा अपने मंत्री को बुलाकर बोला कि, उन लोगों को अलग-अलग कमरे में बंद कर दो। तीनों व्यक्तियों को अपने तोड़े हुए फल के साथ, बंद कर दिया।

अब जो व्यक्ति मेहनती था। जो अपनी मेहनत के बल से अच्छे-अच्छे फल तोड़ा था उसका तो अच्छा से दिन कट रहा था। जो आलसी था सो गया और जल्दी में सारे सड़े गले सब तोड़ कर लाया तो उसको कुछ कष्ट से कटा, और जो एक दम आलसी था उसने नीचे का गिरा हुआ फल उठाया क्योंकि वह भूख के मारे तड़प रहा था।

उसके बाद राजा ने बुलाया और पूछा कि तुम लोगों को जो कष्ट हुआ, वह किसने दिया। तीनों व्यक्तियों ने जवाब दिया कि खुद इसका जिम्मेदार हम हैं।

हमें आशा है कि आपको इस कहानी से कुछ सीखने को मिला होगा।  
यह मेरा प्यारा स्कूल

नहीं सकता मैं इसको भूल  
माँ ने मुझको जन्म दिया  
और दिया ढेर सारा प्यार  
स्कूल ने मेरा ज्ञान बढ़ाकर  
मेरा जीवन दिया संवार  
खूब खेलो और पढ़ो तुम  
कहती यह टीचर हमारी

बड़े होकर प्रण तुम करना  
देश की सेवा करेंगे मिलकर  
कोई वकील, कोई देश का नेता  
कोई डॉक्टर, कोई इंजीनियर होगा ।।

## समाज सेवा

समाज सेवा का अर्थ  
निहित न हो जिसमें स्वार्थ

न नाम का न सम्मान का  
समर्पण हो सिर्फ काम का ।

ऐसे होते हैं जो लोग  
सहते हैं सारे लोग

राह क्यों न हो कठिन  
बढ़ते हैं वे दिनानुदिन

होती सच्ची जिनकी भावना  
हर कोई होता उनका अपना ।

समाज से जिनको है प्यार  
वही धनी जिसका है सद्विचार ।

एकता के लिए जो कसते कमर  
उनका सफल होता सामाजिक सफर ।

वे युग-युग रहते अमर  
जीवंत है सदा वो न रहकर ।

## वो स्कूल के दिन.....

वो स्कूल के दिन भी कितने प्यारे थे,  
वो स्कूल के दोस्त जो हमारे थे  
वो यादें जो हम सभी ने गुजारे थे।

आज भी वो दिन याद आते हैं।  
बीते पल रूलाते हैं।  
वो शिक्षक की डाँट  
वो दोस्तों का मजाक

वो स्कूल के दिन भी कितने प्यारे थे  
वो स्कूल के दोस्त जो हमारे थे,  
वो यादें जो हम सभी ने गुजारे थे।

इन पलों को जी लो .....  
ये पल कभी ना दोबारा आएंगे,  
बस ये यादें ही रह जाएंगे।

वो दिन भी कितने प्यारे थे,  
हम सब दुनिया के झमेले से अनजाने थे  
वो किताबें ही हमारी दुनिया थी  
और वह स्कूल हमारा घर आंगन था।

वो स्कूल के दिन भी कितने प्यारे थे  
वो स्कूल के दोस्त जो हमारे थे,  
वो यादें जो हम सभी ने गुजारे थे।

वो स्कूल  
के दिन.....

## ज्ञान का दीपक वो जलाते

ज्ञान का दीपक वो जलाते हैं  
माता-पिता के बाद वह आते हैं।  
माता देती है जीवन हमको  
पिता करते हैं हमारी सुरक्षा  
लेकिन जो जीवन को सजाते हैं  
वह हमारे शिक्षक कहलाते हैं।।  
शिक्षक बिना न ज्ञान है।

शिक्षक बिना न मान है।  
हमारा जीवन सफल बनाते हैं।  
ज्ञान का दीपक वो जलाते हैं।  
जीवन संघर्ष से लड़ना शिक्षक हमें बताते हैं।  
सत्य न्याय के पथ पे चलना शिक्षक हमें सिखाते हैं।  
ज्ञान का दीपक वो जलाते हैं।

## रब को हमेशा मेहरबान मान

रब को हमेशा मेहरबान मान  
जो मिला उसका एहसान मान,  
तुमसे अधिक परेशान है कई  
अपने अमन चैन को वरदान मान।

जो काली रात है बीत जाएगी  
दुख की घटा भी छँट जाएगी  
निकेलगा सुख का सवेरा कभी,  
जिन्दगी की यही दास्तान मान।

वक्त के आगे तुम कुछ नहीं  
खिलौने से ज्यादा कुछ नहीं  
तेरी अकड़ की ताकत भला क्या  
कुदरत के आगे खुद बेजान मान।

तुम कमजोर नहीं बलवान हो  
प्रकृति का अनुपम निर्माण हो  
सृजन और विनाश तेरे हाथ में  
हर सुरत को रब की पहचान मान।

आँसु पोंछ तन कर खड़ा हो जा  
मुस्कुरा कर फिर से जिन्दा हो जा  
आशा और विश्वास से पूर्ण होकर,  
कर्तव्य पथ पर खुद कुर्बान मान।

## शिक्षा का आलय संत इग्नासियुस विद्यालय

देखो-देखो स्कूल खुला है,  
चलो पढ़ाई करने को,  
झगड़ा छोड़ो वक्त नहीं है,  
अभी लड़ाई करने को।

अनिल सर पढ़ाते हमको संधि और समास,  
सुमन सर बताते है गणित की बात।

जोसेफ सर का क्या कहना  
वे तो काफी है।  
उनकी वजह से विद्यालय के  
काफी बच्चे फुटबॉल में सुपरहित है।  
आलम सर ने हमें सिखाया,  
निशांत सर ने हमें बताया,

सुरेश सर बताते हमको  
नये-नये मुहावरे और लोकोत्तियाँ  
शैलेश सर याद कराते हमको  
इतिहास महत्वपूर्ण तिथियाँ।

विशाल सर पढ़ाते हमको,  
प्रोकैरियोटिक और यूकैरियोटिक कोशिका में अंतर

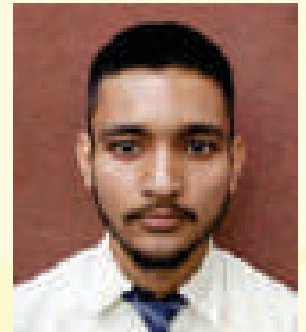

दीनदयाल सर बताते हमे,  
निकालने का मंत्र।

अपूर्व सर का स्वभाव है काफी अच्छा,  
उन्हें मान सम्मान देता है,  
स्कूल का हर एक बच्चा।

खुब पढ़-लिखकर हमको,  
आगे बढ़ाते जाना है।  
संत इग्नासियुस विद्यालय का  
मान बढ़ाना है।

देखो-देखो स्कूल खुला है,  
चलो पढ़ाई करने को  
झगड़ा छोड़ो वक्त नहीं है  
अभी लड़ाई करने को।

माँ बाप से बढ़कर जग में, कोई दूजा नहीं खजाना ।  
जिसने तुझे जन्म दियारे, दिल उसका नहीं दुखाना ।  
पहले तो तेरी माँ, नौ-नौ महीने पेट में ढोया ।  
बड़ा कर्ज है तुझपर माँ का, तेरा फर्ज है कर्ज चुकाना ।  
माँ-बाप से बढ़कर जग में, कोई दूजा नहीं खजाना ।  
दिन-रात तुझे तेरी माँ ने, बाहों में तुझे सुलाया ।

खुद गीले में माँ सोई, सूखे में तुझे सुलाया  
तू कोई भी दुख देकर, माँ को नहीं रूलाना ।  
जिसने तुझे जन्म दिया, नहीं कभी उसे रूलाना ।  
माँ-बाप की शरण में बढ़कर कोई स्वर्ग ना दूजा ।  
सब छोड़कर कर तीर्थ यात्रा, कर ले माँ-बाप की पूजा ।  
माँ-बाप से बढ़कर जग में, कोई दूजा नहीं खजाना ॥

## आज कैसी ये बयार चली ।

आज कैसी ये बयार चली ।  
सुन्न होते जा रहे हैं मोहल्ले गली ।  
अब न कोई खेलता खो-खो और गिल्ली ।  
सड़क पर मंडराते केवल कुत्ते और बिल्ली ।  
आज कैसी ये बयार चली ।

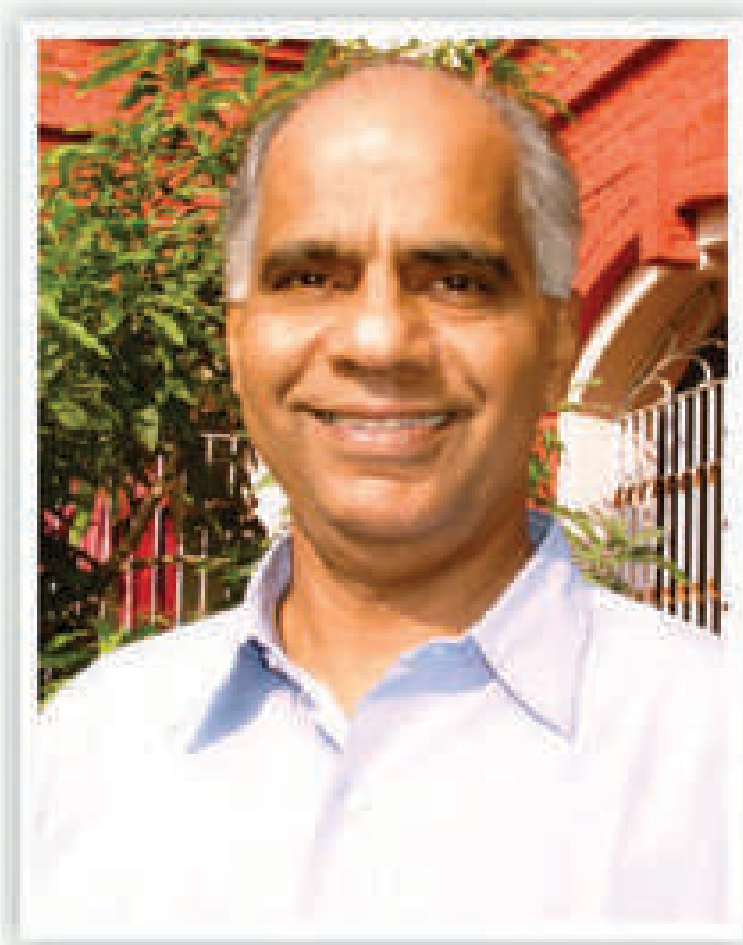

अब सभी होते जा रहें है संकुचित  
क्योंकि अब घर पर ही  
उपलब्ध हो जा रहे हैं मनवाछिंत,  
आज कठिन है की कोई बीज हो अंकुरित,  
क्योंकि आज सभी है अपने मार्ग से भ्रमित

एक उपकरण में अटक गया है सबकी भविष्य  
इसमें लगे रहना ही,  
अब बन गई है सबकी ख्वाहिश  
अब इस यंत्र में ही हो रही है सबकी परवरिश ।  
मनुष्य होते जा रहे हैं एक पुतले के सदृश ।

बढ़ती जा रही है आंतरिक विविधता  
नहीं थम रही है व्यक्ति केन्द्रीयता  
छा गई है चारों ओर अंधकार की घटा  
न जाने पवन में कब ये धूल मिली  
आज कैसी ये बयार चली ।
