"Create a vision for the life you really want and then work relentlessly towards making it a reality"

- Roy. T. Bennett

Ms. Monica Khurana
Principal

Dear Parents, Teachers & Students,
Greetings to each one of you!

As the school anthem says, "One in a million is a Millennium.....The School where our dreams and hopes will rise. With our heads high we will sing its praise. Love for our School is the theme of our song". That's absolutely right! With the theme - love for our school, let's march ahead together and achieve the dreams that each one of you have planted in The Millennium School!

It has been a great reopening of the school with high energy of Teachers and Students. Our vision for this year is Academic Excellence and Holistic Development of each student. The School has taken an initiative and opened an Astronomy Lab, the students get hands-on experience. We are very hopeful to see future astronomers from TMS.

Other initiative like Spell Bee, SOF Olympiads, Externship Programme, etc., are also taking up good shape. Such programmes enhance their intellectual growth. Recently, we have also introduced a Comprehensive Career Planning Assessment Platform, which can give an insight to the students for career planning and guidance.
I congratulate the new leadership team and the entire 279 student council members! Wear your crown of responsibility and stand up to the expectations we have bestowed upon you.

Speaking English is compulsory for each one present in the school. We believe Discipline, Honesty and Gratitude should be embedded deep in each Millennial's soul. With the support of parents and facilitators, the great results are inevitable.

The journey of excellence lies in continuity of fragrance of values, vision and mission of the school. We aspire to convert a potential student to a future leader.

As always, we wish to express our sincere gratitude towards our entire school community. We would not be the amazing school that we are without the help and support of all of you. Thank you and may you have a safe, healthy, and happy rainy season!

Regards.

The Investiture Ceremony 2022-23

A genuine leader is not a searcher for consensus but a molder of consensus.

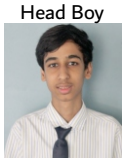

– Martin Luther King Jr

The prestigious day for the leaders to take over their responsibilities, The Investiture Ceremony 2022-23 was grandly celebrated at TMS in the presence of gracious chief guest Dr. Purvi Kothari, our leading lady, our Principal Monica Khurana, wonderful trustees along with doting parents, enthusiastic teachers and amazing students. The day marks the trust and confidence we instill in our newly elected members, the torch bearers of responsibility, they all pledged to dispense their duties to the best of their abilities and abide by rules and regulations of the school taking the vision and mission parallels, reaching to greater heights.

Testimonials Of The Alumni Team

Shakshi Pole - I am proud to be an alumni of The Millennium School Surat. I would like to thank all my teachers and dear friends and all the management for the wonderful experience I had in the school. I spent 6 years in the school and I am very proud of my self for who am I right now and my thanks to my almamater for that and I became more responsible and the leadership quality has grown from The Millennium School Surat.
Thank You

Harshiv Gajjar - I was from the batch of 2020-2021. I am currently studying in Fergusson College, Pune doing my Bsc. Computer Science. I spent 3 years in Millennium and these 3 years shaped my entire life, most of the values I have in me came from TMS, being a part of student council for consecutive 2-3 years. It has helped me build so much confidence and helped me to stand on my feet. When I see my early time of my college it was challenging year in beginning but thanks to TMS for the learnings I had from the school for the past years. It helped me to stand strongly on my on in my college as well. So I can say that I am the person today because of TMS.
Thank you

Kirtan Patel - It gives me immense pleasure to say something about The Millennium School where I have spent 8 years. First of all I will start with the teachers and the principal support I got from the Vth Grade to the XIIth Grade was amazing experience because whenever I lost my confidence they were there to boost me. All if I talk about sports department, they trained me and made me physically fit. After my school I wanted to go for Electronic Communication engineering so our XIIth Grade teachers helped me to find out the best college and universities ahead and helped me to built my confidence.
Thank You.

Diya Sanghani - I was the part of The Millennium School for the last 5 years. Throughout my journey of 5 years I had an amazing time with the great teachers and the best students around me. The teachers in the school believed a lot in me than I believed in myself. I was a part of student council and we organized endless events, we learned technicalities like how to talk to people, how to interact with them and to help people to get their work done successfully and how to manage the events. So all these helped me right now when I am living in hostel trying to manage all things with those skills.
I owe it all to TMS.
Thank You

Motivational minds of TMS

1. Expectation

We feel that expectations are natural but it is a plant that grows gradually and with that comes hurt when it's not fulfilled. We start expecting things from our parents, friends, teachers, siblings, relatives but we never realise that someone out there is also expecting the same from us. This hurts others and imbalances our relationships. We never realise that expectations have become an integral part of our life. The one who thinks that he/she is a best friend becomes a stranger one day because they both expect time from each other to spend together. And their relationship becomes so weak that one day it comes to an end labelling that as "EGO", but it is only expectations and expectations. So don't let expectations enter your life. Before it comes and ruins our relationship, let us find out where we stand with how many we have got into this vicious cycle of expectations. Before it's too late, accept the people the way they are and build up a strong relationship.

Thank You!

2. Attitude of Gratitude

In our busy lives, we often ignore the importance of "Gratitude". If we succeed in practising the "attitude of gratitude" which will grow as individuals, along with which we will be happy and content not only with our lives but our surroundings too. We will have fewer things to complain and more to be grateful for. As you walk from one place to another say "thank you" and make your thoughts at night be one of thanksgiving for the day. Be grateful under all circumstances as there is something better that has been planned for you, which you may realise later in your life. So why waste time complaining over petty things. Let's make a conscious effort in practising "attitude of gratitude" and make the universe work in our favour.

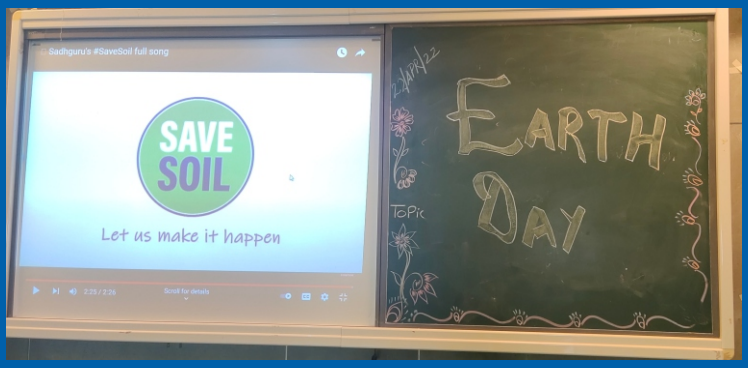

Thank You!

Our enthusiastic leaders worked hard during vacation time and kept the learning process on.

To enhance vocabulary , Our leaders sent new words with meanings in the class group daily and classmates responded with sentence making & word meaning videos in the group. The learning process was appreciated by all the group members, facilitators and parents.

Here is some data about responses received by our leaders.

Class	Total students	Students participated	No. of New Words learnt in a month
EW to RTF	88	85	60
I	87	76	60
II	92	56	60
III	112	85	60
IV	118	80	60

SUSTAINABLE CITIES AND COMMUNITIES

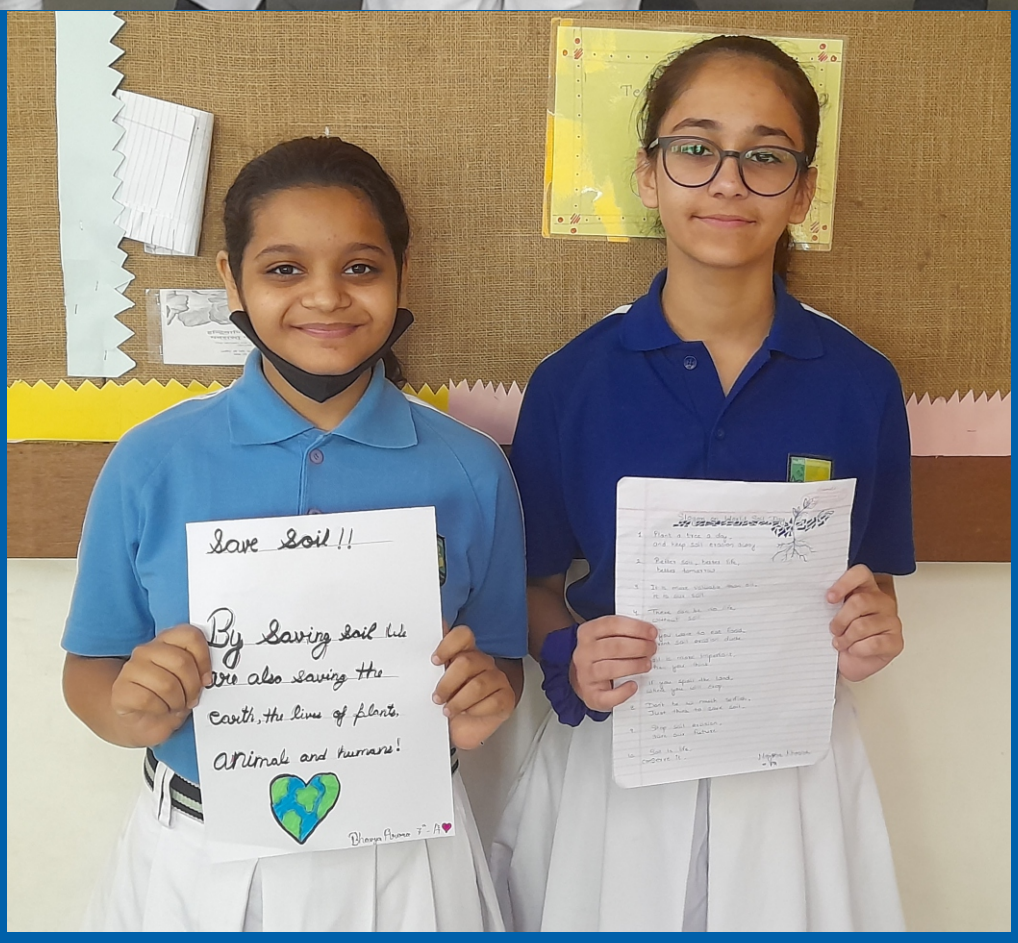

It is rightly said by Vandana Shiva that " An investment isn't an investment if it destroys our planet". In simple words it means how to meet present needs without destroying the environment and future needs and also how we can protect the atmosphere and its inhabitants. Sustainable development XI was established by the United Nation General Assembly in 2015. Sustainable cities and communities are a part of this assembly. The main motive of sustainable development is to make cities inclusive, safe, resilient and sustainable. Its target is to make cities and countries clean, expand public transport and make them pollution free by the end of year 2030. There are many countries listed under sustainable cities like Iceland, Canada, Finland, Oregon, India, South Africa, California, Germany, Singapore, Hongkong etc... Now let's see the importance of sustaining our environment and how to sustain it. So if we keep our surroundings clean we can inhale fresh air which will also improve our health replacing toxic material, pollution etc.. Some steps to preserve our nature are going paperless, growing trees, using renewable energy, rainwater harvesting, car pulling, less pollution, etc.. So let us all take an oath to protect our surroundings and mother nature.

SAVE ENVIRONMENT,GO GREEN

ATHER

Teacher's Corner

A young woman in a strange city!!*
'She' in the center of nowhere.
She stout herself at the puzzle of
consciousness!! When she found
herself reserved, she figured it out,
she cleared out each wound behind.
She somewhere knew she is alone,
but had no clue what to do next.
Then she stood for her own savage,
left all her favouritisms behind.
The only objective she had in her
life was presently her claim
happiness. Presently she knew her
correct arrange; what she was
holding up for, was the right time
and opportunity. She knew she was
fair another young lady in unused city
distant absent from her hometown with
all diverse varieties with all diverse setting
with all diverse challenges, however
she didn't lose trust, all she did was
holding up for the correct time to sparkle
and for her right time was each moment
she lived from that point.

Foundation Day

हर रोज़ सूरज जीवन में एक नया सवेरा लाता है,
सीखते- सिखाते दिन, महीना, वर्ष बदल जाता है।
अदम्य साहस, नई सोच, ज्ञान की पुरवाई,
दृढ़ संकल्प, नए विचारों से विद्यालय की नींव गड़वाई।
TMS परिवार के चार मुख्य स्तम्भ,
Kekul Ma'am, Vikas Sir, Amit Sir, Jitu Sir के...
इस अनूठे सोच को हम सब का नमन।
मुख पर तेज, सूरत सादगी से भरा, आप हो...
अप्रतिम स्नेह, अपरिमित ज्ञान का घड़ा। - हमारी Kekul Ma'am
हर एक को मौका देते, चाहते सब का विकास,
Music-मस्ती, Dance-ड्रामा के लिए हम लगाते इनसे आस। -Vikas Sir
हर क्षेत्र में करते बखूबी, बारीकी से निरीक्षण,
बिन बोले ही हम सब का कर देते सर्वेक्षण। - Amit Sir
School Infrastructure की हर छोटी- बड़ी चीज का रखते ध्यान,
शांत प्रकृति, कर्तव्यनिष्ठ, हमको उन पर अभिमान। - Jitu Sir
Students, Teachers, Coordinators, Administrator
और School staff सब है इनका मान, हर एक के कार्य
का करती ये सम्मान। - हमारी Monika Ma'am
सफलता का हर साल ऐसे ही बढ़ता जाए,
दिन, महीने, वर्ष कई दशकों में बदल जाए।
एक दूसरे का हाथ थामे बढ़े और सबको आगे बढ़ाएँ,
पूरे TMS Team को Foundation Day की हार्दिक शुभकामनाएँ।

– अनुराधा मुखर्जी

Reflection from Renowned People

I saw, I enjoyed and I was stunned.
Very beautiful environment. Wonderful school, Wonderful management, Wonderful teachers. It was a joy to be here.
May God Bless You. We Love you all.

Yazdi Karanjia

The few minutes that I spent in this school has taken me down memory lane. I felt I was experiencing my life as a student. The Love, the Respect, the Softness, the Compassion, that the Trustees, the Principal, Teachers and team showered on us, made us overwhelmed.
The atmosphere kept us wanting to stay on.
I wish the school and all the hands that go running it:-
"Luck is yours, Wishes are mine
May the school always shine"

Vira Yazdi Karanjia

The school is a second home but what I found at TMS is that it is the first home to children. Each one is treated so so special by the team.

Tremendous dedication, vision and hardwork by the management is worth a bow. Understanding their systems and structure was very impressive. A school worth recommending.
Keep up the spirit & hardwork.

Regards
Dr. Purvi Kothari

Its an absolute delight is to witness the seamless and well organised community of TMS SURAT.
Many congratulations to each one who belongs here.
The vision of the management so clearly reflects across the Principal and all the team members including the students.
"JUST LOVED THE HAPPY VIBES THROUGHOUT THE CAMPUS"
Wishing you all the best and many more laurels to the school.

Best Regards
Dr. Santoshi Singh
Millennium World School
Bengaluru North

The entire organization is an institution exuding warmth and positivity. The school is like one large happy family which is visibly evident. A rendezvous with the principal is an absolute delight, very rarely does someone come across a person as her who is open to suggestions and anything to make the school a better place.

I am thankful to the school authorities for giving me this wonderful opportunity to be a part of the school competition and I eagerly look forward to many such opportunities. Wishing the school all the very best!

Farida Karachiwala
