Ms. Monica Khurana
Principal

Dear Parents,
Margaret Mead's famous quote, “Children must be taught how to think, not what to think”. We, at The Millennium School, Surat, religiously follow the same and always try to put in efforts to implant the correct values in the students so that they develop a holistic personality. We have always tried to give a platform that stimulates their journey with the learning experience which can help them to march ahead with a positive attitude, skill, confidence, and responsibility, and keep their values intact. The impressive heights of glory at which our school stands today bear testimony to the fact
the school is diligently committed to pursuing excellence in all fields, be it in academics, sports, ethics, or aesthetics. In this competitive world, we must teach our children to be adaptive enough to stand tall amongst others with their extraordinary skills and come out victorious from the realms of this challenging labyrinth.

According to academic analysts, the youth of the future generation is likely to be more prone to deviant behaviour which is worrisome for parents and educational institutes. We are all aware through media reports of incidents of abuse and self-violence or depression. We as a school are geared up to adapt every method suiting the dynamics of the changing world like — “ No bag day” or Special Sessions from renowned Guest speakers, not just for students but for parents and teachers as well so that together we can give our best to our children. We emanate and sprinkle an atmosphere where each child receives love, dignity, and acceptance. The trust here is to blend thoroughly the modern and traditional approach which is conducive for learners. A School can be successful only when Parents, Teachers, and Administrators act in integration for the all-round development of our children and make their future bright. I am confident that The Millennium School, Surat, will always be a beacon of light, guiding the destiny of its students and radiating kindness and compassion as it soars high in its pursuitof academic excellence and the fulfilment of the school motto: “Think today change tomorrow.”

10 Years of TMS Surat

A Decade of Evolution

THE INVESTITURE CEREMONY 2023-24

"A leader is one who knows the way, shows the way and goes the way".
It's rightly said that 'leaders are not born, they are made'. Year after year, it reminds us of the trust and confidence that we repose in our newly elected and selected student council members. To formally invest the members of the Student Council with authority, power, right, office and dignity, the Investiture Ceremony was conducted at TMS-Surat on July 15, 2023.

The ceremony was graced by the cordial presence of the renowned personality Dr. Ritambhara Mehta, a Professor of Psychiatry at Government Medical College - Surat, as the chief guest. The ceremony commenced with a welcome dance performance by our toddlers of RTF. The elected leaders were then conferred with badges and sashes by honorable dignitaries of Millennium Education Management - Ms. Renuka Dhar, Dr. Priyanka Jain, Ms. Mitali Giri, our Executive Director - Ms. Kekul Vikas and our dignified Principal Ms. Monica Khurana.

Donning the mantle of responsibility, they all pledged to dispense their duties to the best of their abilities and uphold the honor and glory of the institution. It was a proud moment for all the Parents to witness their children being invested with great responsibilities while embarking on a new journey as leaders.
The newly elected young leaders were congratulated and wished to solemnly take their duties and responsibilities with utmost dedication and diligence.

EDUCATIONAL UNIVERSITY FAIR

The Educational University Fair at The Millennium School, Surat exemplifies the school's commitment to providing holistic education and guiding students towards a successful academic future. By bringing together renowned institutions, offering informative sessions and workshops, facilitating networking opportunities, and promoting inclusivity, the fair has left an indelible impact on students, empowering them to make well-informed decisions about their higher education pathways. More than 25 Universities participated in this event.

SESSION WITH MONICA MA'AM

To enhance life skill our Principal ma'am, Ms. Monica Khurana has taken a session with classes IV - V & VII - VIII and shed light on the importance of cultivating a righteous attitude.

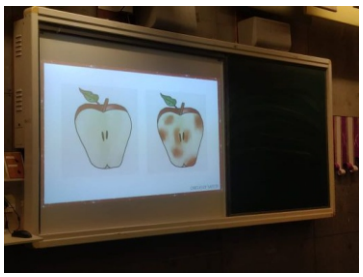

SPECIAL SESSION (Class IV & V)

- MS. ANUJA AMIN
(FOUNDER OF CIRCLES OF SAFETY)

"No safety, know pain. Know safety, no pain."
In this ever-evolving digital era, ensuring the safety of the learners, TMS-Surat organized a fruitful and significant session for the students of classes VI and VII on "Cyber Safety" and classes IV and V on "Safer & Smarter You" by Ms. Anuja Amin who founded Circles of Safety - an initiative to educate and empower children, teachers, parents, and the community.
The sessions were much interactive and they covered many essential aspects of cyber safety which aimed to empower our learners to make responsible decisions while using the technology.
Students of classes IV to VIII understood the importance of how to be always kind, stopping bullying, and how to grow to be respectful, confident, and responsible adults.
It was indeed an informative, well-executed session that was loved by our learners.

ROTARY YOUTH EXCHANGE PROGRAM 2023-24

At TMS Surat, we believe in having global leaders of tomorrow with a life long learning potential to overcome challenges and difficulties.
Following this idea, TMS Surat welcomed the students from Brazil and Germany who are a part of The Rotary youth exchange program (RYE 2023-24) visiting our home country, to explore, learn and understand what would it truly be, when you are an Indian citizen.
Students welcomed them through amazing cultural performances and speech witnessing traditions like tilak, lightning of lamp, prayers concluding with our national anthem. Indeed it is true,
Diversity is an art of thinking independently together.

WE ARE CREATIVE

EW - RTF

Rainbow Activity

PTM Display Board

SALAD MAKING

Understanding the importance of Salad in our diet.

All these learning experiences could take place only because of our guest speaker session at TMS.

COOKING WITHOUT FIRE

A fireless cooking activity was conducted for the students.

Nutritional value of the ingredients used, low waste, clean and neat method of working, creativity and innovativeness were the learning outcomes for the same.

BEST OUT OF WASTE

To promote environmental awareness among our students, a creative activity 'Best out of Waste' was conducted for classes I to V.

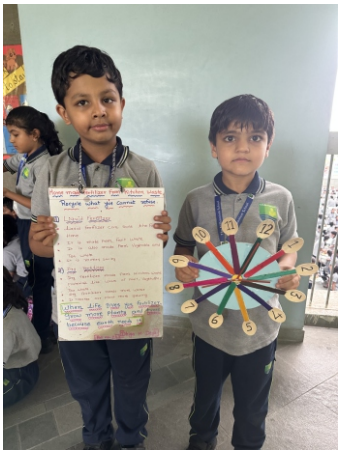

WE ARE CHAMPIONS

EW - RTF

Old is Gold Games

Bounce into Bucket

Hop Race

Backward Race

Hurdle Race

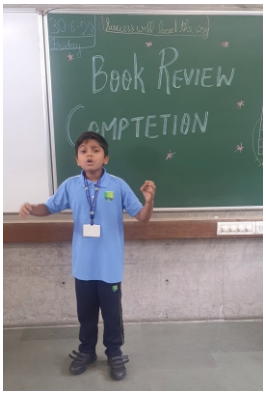

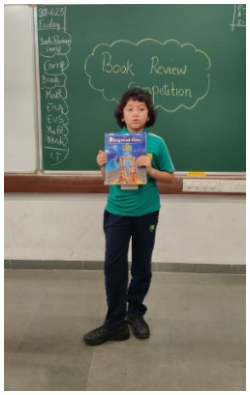

BOOK REVIEW

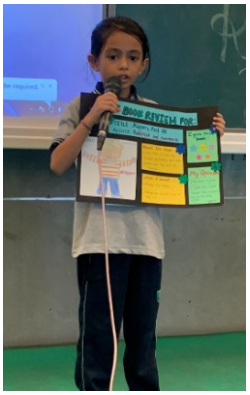

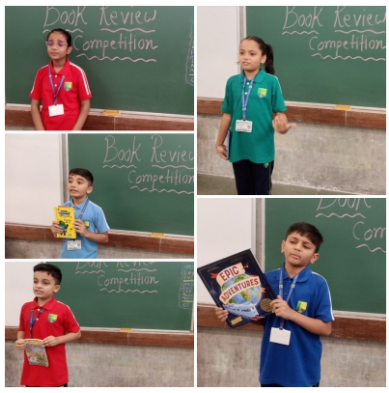

The Book-Review Competition was organized for classes III to V with the objective of developing students' critical and analytical abilities.

To encourage them to read any fiction- nonfiction or any kind of short reads- and analyze moral, content & text has been the motive behind organizing this event.

The aim of developing the love for reading among students and by getting an excellent response from students, we feel that our efforts have materialized to great extent.

SPELL BEE (CLASS I & II)

Participant showcased their unique talents, leaving a lasting impression on everyone present. It was a proud moment for the teachers, parents, and classmates who had witnessed the growth and progress of these young learners. The Spell Bee Competition not only sharpened their spelling abilities but also instilled in them the values of determination, resilience, and the joy of learning.

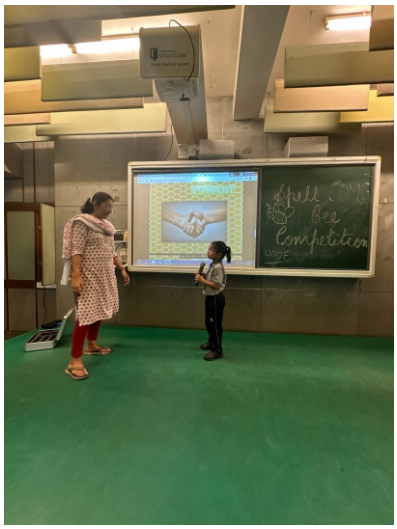

WE ARE ACHIEVER

SOF SECOND ROUND - WINNERS

Congratulations to all the Olympiad winners!

We are feeling proud to announce that our achievers have appeared in the second level 2022-23 of the OLYMPIAD exam. They were awarded for recognition of their performance at zonal level. They have proven their exceptional skills and abilities in their respective fields and it's truly an accomplishment to be proud of.

RHYME/SONG COMPETITION

ELOCUTION (CLASS I TO VIII)

"There is a light that shines beyond the world, beyond everything beyond all,beyond the highest heaven- This is the light that shines within your heart"- Chhandogya Upnishad.

An elocution competition was held for Class I to VIII learners to empower and enlighten the rich heritage of Indian culture amongst the tiny tots.
From this competition, learners will enhance their oratory skills, public speaking and presentation skills.

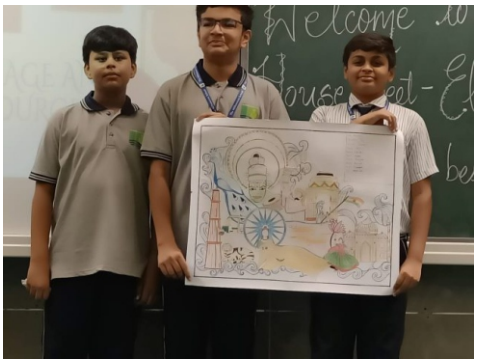

ELOCUTION (CLASS IX TO XII)

The Art of Public Speaking is the art of giving power to words – to influence, inspire and transform lives. The Elocution Competition held at The Millennium School, gave students a good opportunity to combat with the biggest fear factor i.e. stage fear.

Participation of class IX to XII students and the way their presentation was made by making use of technology and their skills was remarkable.

WE ARE ENTHUSIASTIC

FIRST DAY OF ACADEMIC YEAR 2023-24

The start of the new academic session, 2023-24 at TMS Surat, seemed more overwhelming than ever before. The feelings of joy and excitement was palpable in the students and teachers. With Mickey Mouse and Dino our Principal ma'am and facilitators welcomed the students with a warm smile and hugs.

Fun and excitement began with the welcome assembly conducted by class X. Buddies were appointed to help out the newly admitted students to adapt to the new environment.

Setting their own classroom rule, Fun Game, Puzzle, Magic show

Specially designed activities by our facilitators made the first day memorable.

MOVIE DAY

Movie with friends… always brings smiles on our faces and fills our hearts with joy.

The multiplex was full of Millennials.
Super Mario and popcorn
Made our day memorable.
We all enjoyed the TMS Movie day

FIELD TRIPS

VIJAY DAIRY

“Tell me I Forget, teach me I remember, Involve me I learn."
Truly adhering to this and to inculcate the practice of lifelong learners, our learners of Class III and IV got the opportunity to visit one of the renowned dairy industries of Surat ‘Vijay Dairy’ where they acquire knowledge about the production line. Students got to explore various processes like Milk separation, pasteurisation, homogenisation, packaging, sweets preparation and Butter preparation, etc.

FIELD TRIPS

KALAMANDIR JEWELLERS

The learners of class V experienced their visit to "Kalamandir Jewellers" which spoke volumes not only about the process of jewellery manufacturing but also gave insights of minute details which was an eye-opener for the students. Realizing the efforts and energy that is put into creating a piece of jewellery and understanding the science and art behind it was an experience in itself.

RAYMOND SHOWROOM

The world is a wonderful place full of colours with many wondrous things to explore.
Tiny Tots of classes EW to RTF visited Raymond Showroom to explore more colours as a part of the ongoing theme.

FIELD TRIPS

ADANI HAZIRA PORT LTD.

To strengthen the learning experience, the students of class XII visited Mr. Gautam Adani's dream and vision - Adani Hazira Port Ltd. (AHPL) SURAT, (Surat) on 26th June 2023. There they got a chance to understand international business and to see vessels loading and unloading at the jetty along with how the whole port works and runs different functions. Things were very well explained by the project manager Miss Krishna Mandaviya keeping safety and security in mind.

FIELD TRIPS

TEXTILE FACTORY

Field trips are powerful learning experiences which enhance thoughtful work and maximize learning. A similar field trip was arranged to the Pandesara Textile Factory from TMS where the learners visited weaving sections surrounded by colourful threads and fabrics such as silk, organza etc being made through the latest machines. This visit helped them to understand the working process of looms, their names, commercial aspect as well as further processing of the fabric adding on to experiential learning about production of finished garment.

DOMESTIC TRIP

BANGLORE TRIP

The Millennium School Surat organized a domestic tour for Classes VI to XII to Bangalore, Mysore & Ooty for seven days and eight nights.

It was an educational trip as well as fun trip wherein the students got to see, to learn, to explore to live and make memories forever.

By stepping outside of their comfort zone, meeting & dealing new people, buying things for family members, posing questions to the staff at visits, or even ordering & buying food items while travelling these all boosted students' confidence.

INTRODUCTION TO REGIONAL LANGUAGE

CLASS III TO V

Academic activities of

MATH

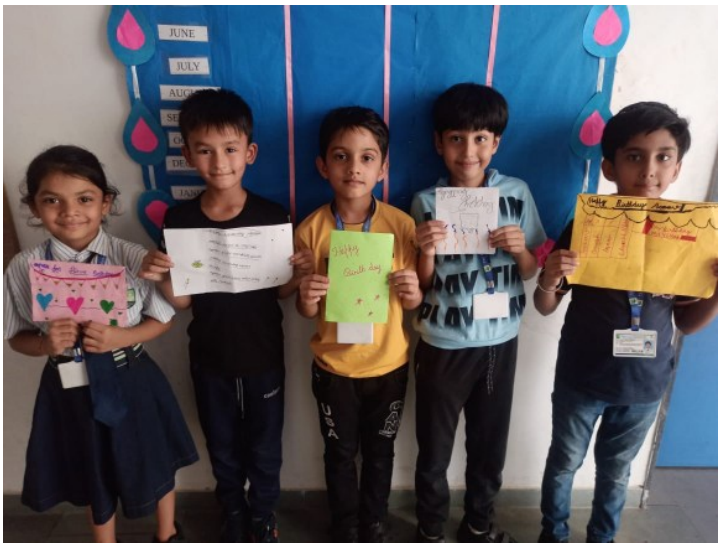

- Designing birth date using Roman Numbers
- Reinforcing concept of Addition and Subtraction through a Group activity.
- Students are showcasing application of their learning of the Indian Place value system and enjoying the game.

CLASS III TO V

Academic activities of

HINDI

- Students are learning to show their gratitude by making cards for their siblings.
- Learning Hindi Ginti [numbers] with fun activity.

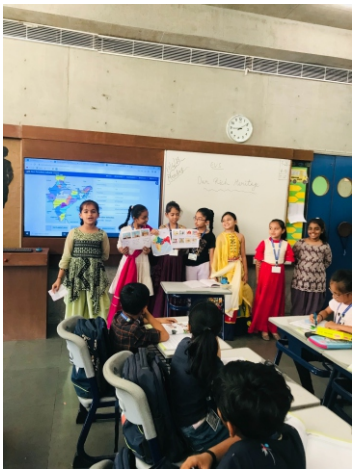

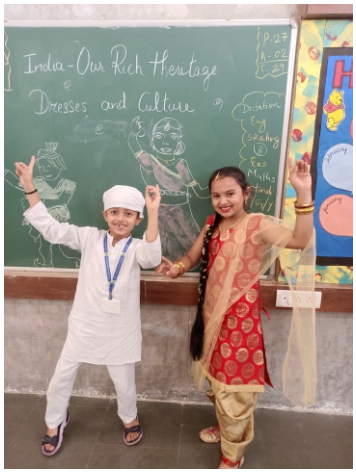

CLASS III TO V

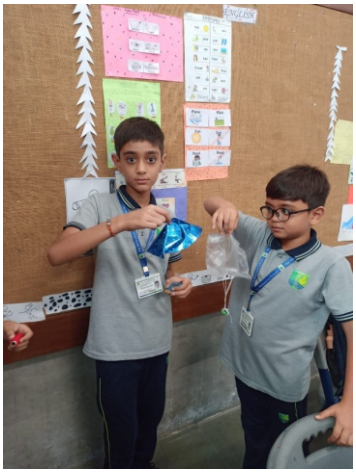

Academic activities of

EVS

India is renowned for its rich history. From north to south, from east to west, every corner of India has its own story. As a part of this, our learners of Class IV celebrated this wonderful day by giving beautiful presentations elaborating the cultures of different regions of India - the traditional attires, dance forms, languages, music, food items.

CLASS III TO V

Academic activities of

ENGLISH

Learners of Class IV learnt by reading step by step directions from the 'Short Reads - Student book', the process of growing a bean plant and also by actually implementing it. They got to know how to prepare a pot of soil, put a bean into it and help the bean grow into a bean plant. They recorded the process in the form of a Graphic Organiser in their 'Short Reads - Activity Book' along with the changes seen as the plant grows. They even came across some new vocabulary words while reading the text.

CLASS VI TO VIII

Academic activities enhance various educational upliftment, including intellectual exploration. Learners develop their critical thinking, expand their understanding and creative mind. Activities help in developing their innovation, decision making skills and intellectual curiosity. Some glimpses…….

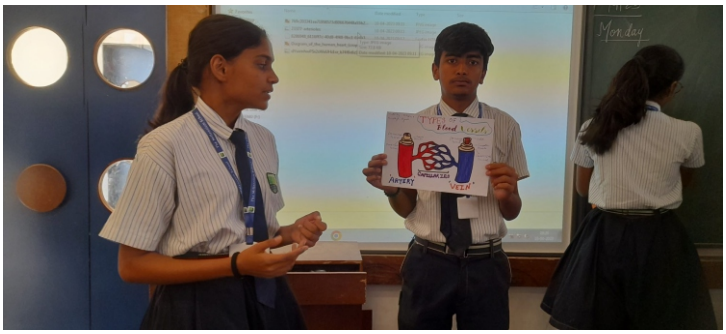

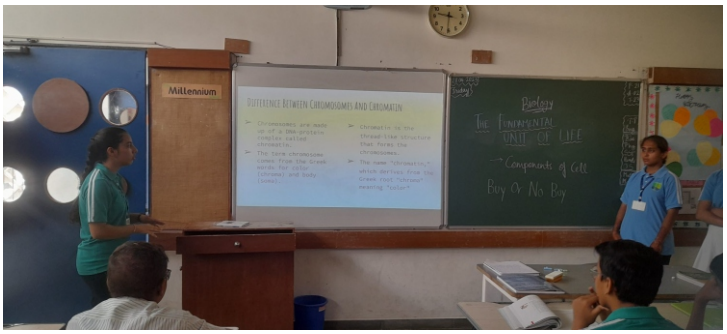

CLASS IX TO XII

SPECIAL SESSION

- MR. SWARAJ PATEL & MS. ZEAL SHAH

"A little spark of kindness can put a colossal burst of sunshine into someone's day".

To inculcate the practice of kindness we had our special guests today with us Mr. Swaraj Vikas Patel and Ms. Zeal Shah who incorporated the meaning of kindness amongst the learners of TMS. We at TMS believe in nurturing our millenites in every aspect.

Learners of grade 6-12 participated enthusiastically and gave their reflection on act of kindness they would like to do.
As rightly said by Joseph Joubert "A part of kindness consists in loving people more than they deserve."

GUEST SPEAKER SESSION

- MS. KRUTI DESAI

When Diet Is Wrong, Medicine Is Of No Use. When Diet Is Correct, Medicine Is Of No Need."

In order to inculcate healthy eating habits in children, TMS Surat has conducted workshops on diet habits. The workshops was conducted in an interactive and play way manner by a well-known diet consultant Kruti Desai.

Various games were played by students based on all sense organs. At last quiz was conducted to make learning more interesting. Children enjoyed the session.

We can conclude enjoy your healthy food by its color, smell, texture, taste and Nutrition.

GUEST SPEAKER SESSION

- DR. SAILESH RAO

As TMS believes in being Kind and compassionate towards everyone and everything. We nurture the young minds with eminent personalities to ignite and spark the love for nature and all the beings. We had an ardent environmentalist and founder CEO of Climate Healers – an NGO Dr. Sailesh Rao – to interact and guide our students of class X.
Students were explained about the Veganism and need to be empathetic towards nature. The session was informative and interactive.

Oh My Classteacher

Oh my classteacher
She's one of a kind
An icon like her
Is there someone I would find?
She made me a champion
With all her love
I knew it from the start
She's as pure as a dove
Yes I know
She's a bit strict
But with that she made me
someone who'd never quit
I love her unconditionally
From the bottom of my heart
In this new phase
She was there with me from the start
I can't thank her enough
For what she did
Her efforts are worthy
In making me a great kid
Oh dear Pooja ma'am
I am your biggest fan.

Skinny kid gets kicked of the football team

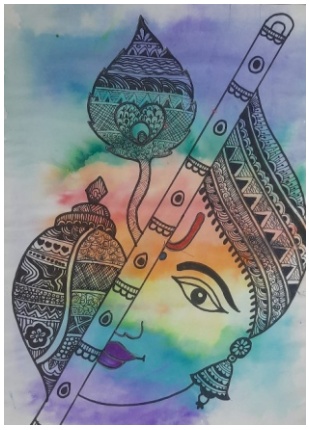

One day a skinny kid named Devin came for football tryouts. And one kid makes fun of him because he is skinny and other kids and even the coach.
At the gym those two guys make fun of Devin. Devin came home crying and his dad said “How was practice” and Devin replied “I am not going to football practice from now on” and his dad replied “Come here look at this see how skinny is this player and even though his size he makes a touchdown and do you know who this is?” And Devin replied “no” and his dad replied “It is me I was also very skinny back then” and Devin replied “Wait what!” And his dad replied “Yes, and I will also train you” And Devin was happy that his dad will train him. Devin was training very hard with his dad. And the day of the competition Devin switched his team and his team won and he said to the bullies “It doesn’t matter if have big muscle’s It is all about having a big heart”

The Moral of the story is “It doesn’t matter if you have big muscle’s It is all about having a big heart

Little Solider

Go little solider
You go little soldier.
One step at a time
A little delay is always fine
But go little soldier
You go little soldier
The world will also make you deprived
But go little soldier
You go little soldier
Put yourself together and always aim to reach the sky.
As you are the only super power to rise and shine.
Go little soldier
But go little soldier
And make the world a better place to live with pride.

MS. TANIA ROHRA

DEPUTY COORDINATOR EW - RTF

This a quote that I will add once I find something suitable
My school does not provide theoretical knowledge of different subjects to primary students but makes abstract concepts clear by taking examples of real objects of life. For every student, this school serves as a bridge between his own inner conscience and the outside world. Even the parents feel that this school serves as a second home for their ward where the child obtains a platform to recognize and explore his or her own hidden capabilities.

MS. POOJA THAKKAR

Astonishing life

Down deep I feel the breeze of cold wind.....

When it gives you the purpose of astonishing things around you, where you look upon to find it, is it really astonishing !!

Then I ask myself why you are so astounded around you when you know the answers are low.

Sometimes I burn with the reforming zeal like a silver steel.

I get astounded by my selfishness with a great urge to heal.
But then this is life which is astonishing like a dazzling smile.

No Bag Day

No Bag Day has come, with lots of zeal and fun.
Laughter & joy along with peers, so let us start without any fear.
No textbooks or notebooks to bring, unleash your hidden talent & let you imaginations sing.
No bag day is a special retrieve, to grow, to learn, to explore,
We learn through plays & field trips, unlock new doors to flip.
Create our personal space bubble & learn to cook without fire.
We study the trees & the flowers, the birds, the bees & the ants,
We learn about life & its meaning, in classroom without walls.
With teachers & friends' hand in hand, our knowledge with have no end.
So let us cherish this day with sheer joy and fun which is here to stay.

MS. MAYURI BHALARA
COORDINATOR CLASS III TO V

Whyy Can'ttt We Dividddeee Byy Zerrooo

In math, we often come across a situation when we have to divide a number by zero. Finding ourselves thrust into this scenario, we look to our mathematics teachers for much-needed help, who- in turn, offer us the kindest counsel- to simply assume that the answer is infinity. But in reality, what does it mean to divide by zero, and is it perhaps possible? Division, in simple terms, is the splitting of a group of objects into equal parts. If you had to divide 12 chocolates between 3 people, each person would get four pieces. Now imagine dividing the same 12 chocolates among zero people. Is that achievable? To divide is to break something into piles of a certain number, and breaking something into piles of zero just doesn't make sense. Another outlook on the same situation: dividing is just the opposite of multiplying. For example: 6 / 2 = x, means that 2 * x = 6. In this case, x is equal to 3. Now let's take an equation with zero: 6 / 0 = x means that 0 * x = 6 Since anything multiplied by zero equals zero, no number can possibly work for 'x', therefore 6 / 0 is undefined. Still, there remains another lens to examine the issue. If we take the following equation: 0 / 0 = x; it means that 0 * x = 0. For this, we can plug in zero as a correct answer, surely, but any other number that we plug in will also be right. Since we want things to have just one correct answer and 0 * x = 0 can have infinite answers, we can undeniably conclude that zero divided by zero remains undefined. Bear with me, there remains yet another way to make sense of the expression 0/ 0 by using the principle of limits. The basic idea is to let both the numerator and the denominator become smaller and smaller, making the answer depend upon the way in which the numerator and denominator approach 0.

Confusing right? This phenomenon has also influenced an influx of memes on the internet- with any haphazard phenomenon followed by 'must have divided by zero'. The principle is accurate enough though, we really have no idea what will occur then.

PRT MATHEMATICS FACILITATOR

CLASS III TO V

जिंदगी के खेल

कहते हैं कि जिंदगी है तो सब कुछ है और जिंदगी नहीं तो कुछ भी नहीं। यह तो सच है कि जब तक जिंदगी है तब तक ही यह दुनियादारी है और यह जिंदगी ना हो तो क्या होगा? कुछ नहीं! रास्ते हो पर रास्ते पर चलने वाला मनुष्य ना हो तो वह रास्ते का क्या अर्थ? बस इसी तरह है यह जिंदगी और जिंदगी के चक्र और पहलू।

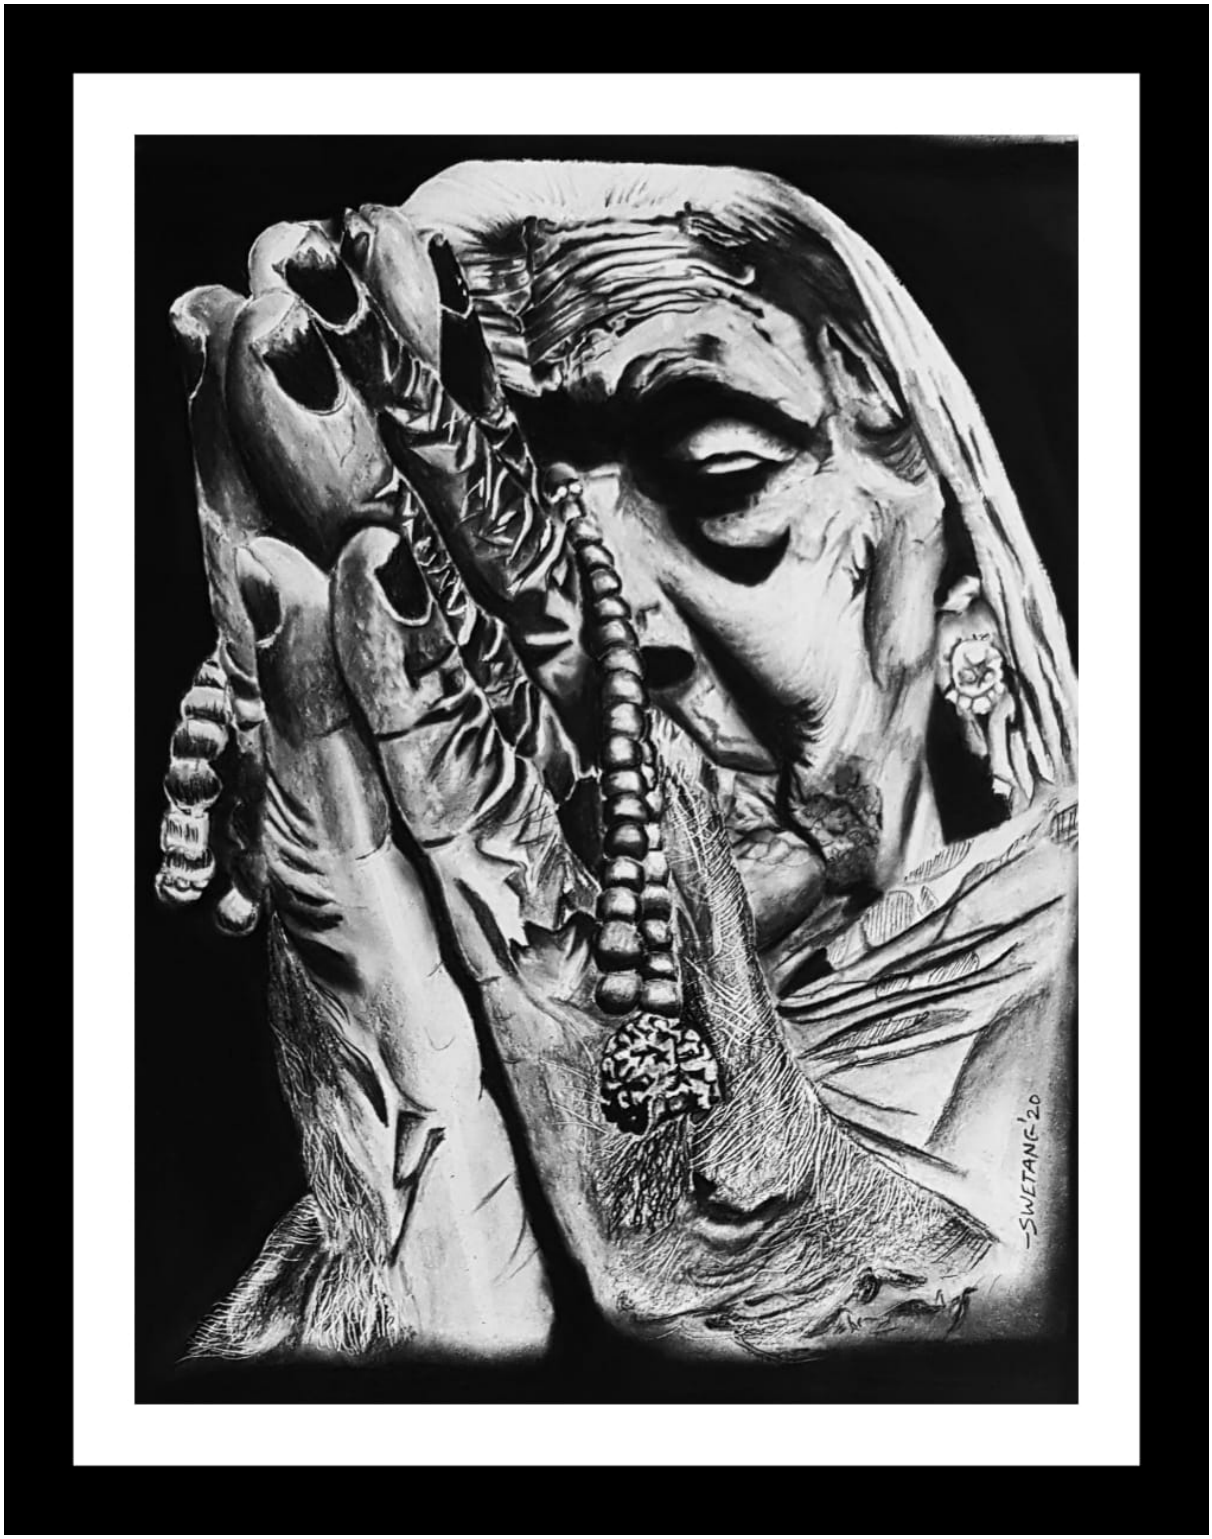

इस संसार में कितने लोग हैं जो आत्महत्या करते हैं। ऐसा क्यों? क्योंकि वह मनुष्य जिंदगी की अहमियत को नहीं समझते। वह जिंदगी की एक-दो हार से अपने आप को हारा हुआ मानते हैं। शायद इसीलिए वह आत्महत्या करते हैं। सुख और दुख जीवन में तो आने ही हैं क्योंकि जब तक दुख का अनुभव नहीं करेंगे तो सुख का कैसे पता चलेगा। सुख और दुख इन दोनों से ही तो जिंदगी जीने का मजा है। मनुष्य को अगर जीवन में सुख ही सुख मिले तो वह सुख की खुशी को पहचान नहीं पाएगा। सुख और दुख जिंदगी के दो पहिए हैं।

दुखों से हारकर आत्महत्या करना यह कोई समझदारी का काम नहीं है। समझदारी तो उसमें है कि जीवन के हर एक पहलू को समझे और उसे जिए। जीवन के हर मुश्किल से मुश्किल रास्ते को सफल बनाकर उसमें खुश रहें। इसीलिए कहते हैं कि जिंदगी के खेल बड़े अजीब होते हैं। एक-दो बार हार हुई तो गम या शोक करके बैठने से अच्छा है कि उसके सामने डटकर सामना करें और उसमें सफलता को प्राप्त करें। हार कभी हार नहीं होती। हार ही तो जीत की शुरुआत होती है। हार हमें जीत की मंजिल तक पहुँचाती हैं। बस, यह सोचकर हर बड़ी से बड़ी मुश्किल को पार करना ही चाहिए।

सच ही है:
जिंदगी भी क्या क्या खेल दिखाती है।
कभी जीत तो कभी हार दिलाती है।
हार जीत से क्या डरना,
यह हार जीत हमें जिंदगी जीना सिखाती हैं।

माँ का प्यार

माँ का प्यार, जैसे खुशियों का त्यौहार,
खुशियों को बाट वो सबको ख़ुशी देती हे,
गम मे वो अकेले ही चुप चाप से रोती हे,
आहट से अपने बच्चो का हाल वो जान लेती हे,
माथे को स्पर्श कर, सारे दर्द को वो दूर करती हे,
उसकी ममता की उम्र कभी कम नहीं होती,
बच्चे अगर परेशान हो, तो वो चैन से नहीं सोती,
अपना निवाला छोड़ वो सबको खिलाती हे,
बच्चे अगर उदास हो,तो हस के वो गले लगाती हे,
माँ को समझना आसान नहीं,
वो सबसे अजीब, सबसे अलग, सबसे जुदा हे,
सच हे के माँ के बिना ये संसार अधूरा हे..
